### Product Description

Seventeen years professional experience

brand	JAFFA
Product Name	Sandwich board
producing area	CHINA

The project titled "JAFFA Sandwich Ecological Board Series Background Wall Decoration Materials" focuses on the innovative application and design techniques of ecological sandwich boards in modern architectural and interior settings. This initiative aims to highlight the unique properties of the JAFFA Sandwich Ecological Board series, renowned for its sustainable and environmentally-friendly composition, which makes it an ideal choice for contemporary background wall decoration.

JAFFA Sandwich Ecological Boards are designed with a layered structure that combines durability, lightweight characteristics, and excellent insulation properties. These boards offer versatile aesthetic options, capable of mimicking various textures and finishes while maintaining their ecological benefits. The series provides an elegant and practical solution for background wall decorations in both residential and commercial spaces, promoting a sustainable approach to interior design.

This project will delve into the processing methods, design strategies, and optimal matching techniques for these ecological boards to create visually appealing and functionally superior background wall decorations. By leveraging the advanced properties of JAFFA Sandwich Ecological Boards, the project seeks to push the boundaries of traditional wall decoration materials, offering innovative and environmentally-conscious solutions that meet the evolving needs of modern architecture and interior design.

Our Product Introduction

### 1.Sandwich board

The Yafa sandwich panel series resin transparent board is a dynamic lamination system

The feasibility of its design varies infinitely with the power of imagination

The style of its transparent resin board exceeds your imagination

You can choose the color, style, texture, inner material, and surface treatment of the materials yourself

Therefore, sandwich panels become the perfect choice for your building's transparent application

Nature captures all the beautiful symmetries in the world

Irregular, spiral, tortuous, wave and form, so you can bring them into the project

Features: Transparent, flame retardant, soundproof, pressure resistant, lightweight, high hardness, can be shaped arbitrarily

### 2.Size specifications

Standard size of solid colored resin glass:

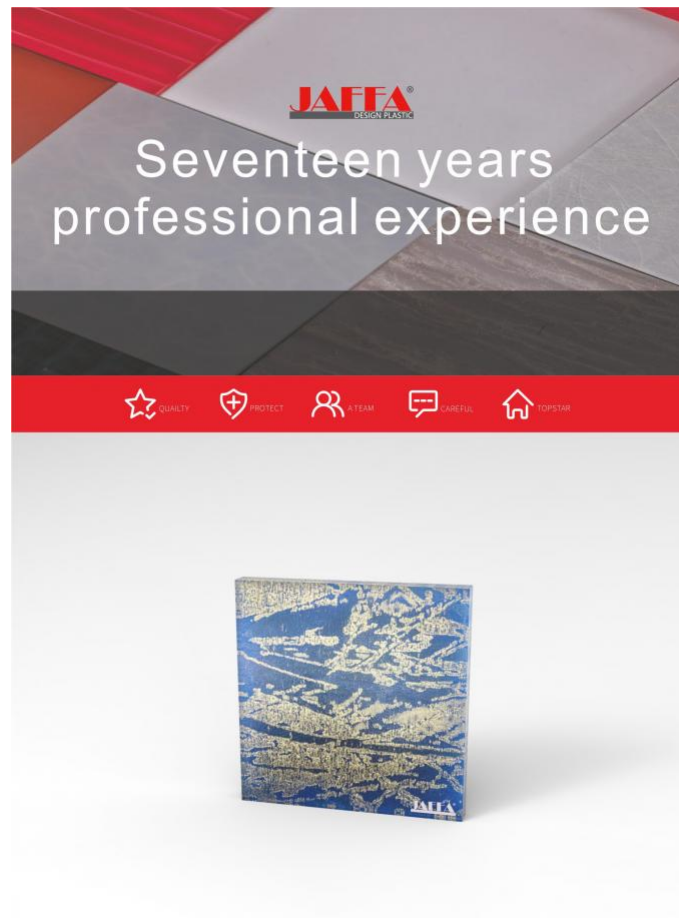

1200mmX2400mm 1200mmx2850mm

Standard thickness:

3mm/5mm/6mm/8mm/10, mm/12mm/16mm/18mm/20mm/25mm/30mm  
(Provide customized dimensions and thickness)

RETURN AND EXCHANGE INSTRUCTIONS

## PARTICULARITY

(Customized products, subject to the effect)

After cutting, it will affect the secondary sales.

If there is no quality problem, we don't support returning goods.

Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,  
and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!

If you have any questions.

Please contact our after-sales customer service.

**We will give a reasonable treatment plan in time ~**

### About delivery

After the customer places an order,

the goods will be delivered within 1-3 working days under normal circumstances.

If the quantity is large or the process is complex,

the production cycle will be extended. If you have requirements for delivery time,  
you can contact and negotiate.

### About chromatic aberration

The product pictures are all real photos, but due to shooting technology,  
light, display parameters and other factors.

The color of the received object will be different from the photo.

Please take the object as the standard.

### About price

Because there are many specifications of raw materials,

please contact customer service for quotation for other specifications.

(The link price is for the convenience of customers to place an order, not the actual price of the product)
