

Customized Impact Resistance Resin Laminated Glass With UV Resistance

Our Product Introduction

more products please visit us on custom-acrylicproducts.com

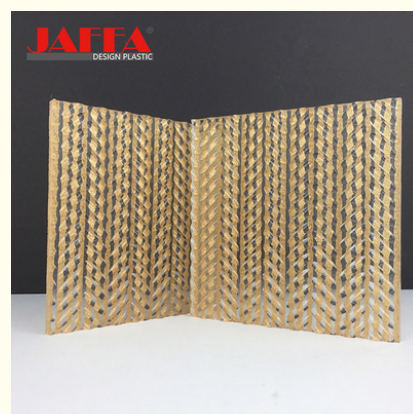

Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 500sets/Year

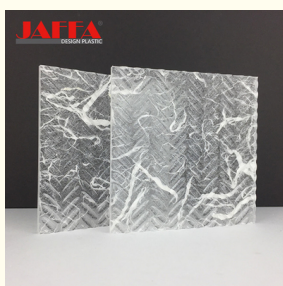

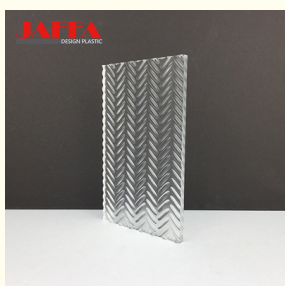

Product Specification

- Resin Type: High Strength
- Impact Resistance: Nonbreakable
- Durability: High
- Transparency: High
- UV Resistance: High
- Customization: Available
- Color: Custom Colors
- Application: Custom Modern Decoration
- Highlight: **Office tempered shatterproof glass,
Buildings tempered shatterproof glass,
Nonbreakable sound proof glass partition**

Product Description

Product Description:

This JAFFA's resin laminated glass is specifically designed to provide exceptional UV resistance. It effectively blocks harmful ultraviolet rays, protecting both people and objects from their damaging effects. Whether it's installed in residential or commercial settings, this UV-resistant feature ensures that interiors remain safe and undamaged over time.

For instance, in a home, it helps prevent fading of furniture, flooring, and curtains, maintaining their original colors and quality. In commercial spaces like offices and stores, it safeguards sensitive equipment, merchandise, and documents from UV degradation.

The impact resistance of the glass is another key attribute. It can withstand significant forces and impacts, providing a reliable and durable barrier.

Furthermore, the customizable aspect of this glass allows it to be tailored to meet the unique requirements and aesthetic preferences of each customer.

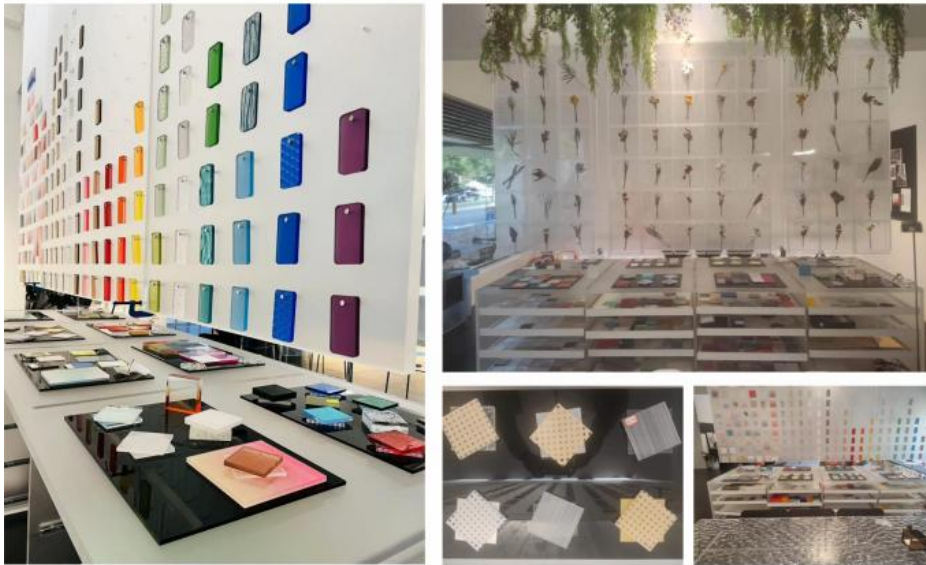

Applications:

1. **Residential Windows:** Protecting the interiors of houses from UV damage and reducing fading of furniture and curtains.
2. **Conservatories and Sunrooms:** Allowing sunlight in while blocking harmful UV rays for a comfortable and protected space.
3. **Balcony Enclosures:** Providing a clear view and UV protection for outdoor enjoyment.
4. **Office Buildings:** Installed as partitions or windows to create a pleasant working environment without UV concerns.
5. **Retail Stores:** For display windows, protecting the merchandise from UV deterioration.
6. **Medical Facilities:** Such as in patient rooms and waiting areas to control UV exposure.
7. **Automotive Windows:** Offering UV protection for passengers and the vehicle's interior.
8. **Greenhouses:** Allowing the right amount of light while filtering out harmful UV for optimal plant growth.
9. **Swimming Pool Enclosures:** Keeping the area well-lit while blocking UV for a safer and more enjoyable experience.
10. **Museums and Art Galleries:** Protecting exhibits from UV damage without compromising visibility.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Customization:

Resin Type: High Strength

Heat Resistance: High

Transparency: High

Installation: Easy

JAFFA's Resin Laminated Glass product is highly customizable to meet your specific needs. The high strength resin used in our manufacturing process ensures durability and reliability. Our Resin Laminated Glass product is also highly heat resistant and transparent, making it the perfect option for a wide range of applications. Installation is made easy with our user-friendly design.

Support and Services:

The Resin Laminated Glass product is designed to provide high-performance safety and security for a variety of applications. Our product technical support and services include:

Expert technical guidance on product selection, installation, and maintenance

Customized product design and engineering services

Comprehensive testing and certification to ensure product quality and performance

24/7 customer support for any technical inquiries or issues

On-site installation and training services for large-scale projects

Our team of experienced professionals is dedicated to providing unparalleled support and services to ensure that our Resin Laminated Glass product meets the unique needs of each customer.

Packing and Shipping:

Product Packaging:

The Resin Laminated Glass product is carefully packaged to ensure safe delivery. Each piece of glass is wrapped in protective material to prevent any damage during transportation. The glass sheets are then placed in a sturdy cardboard box and sealed securely to prevent any shifting or movement during shipping.

Shipping:

We offer worldwide shipping for our Resin Laminated Glass product. All orders are processed within 1-2 business days and shipped via a reliable courier service. Shipping times may vary depending on your location, but we strive to deliver all orders as quickly as possible. Once your order has shipped, you will receive a tracking number so you can track your package during transit.

FAQ:

A: Resin Laminated Glass is a type of safety glass that consists of two or more panes of glass bonded together with a layer of resin.

Q: What are the benefits of Resin Laminated Glass?

A: Resin Laminated Glass provides improved safety, security, and sound insulation compared to regular glass. It also offers UV protection and can be customized with different colors and designs.

Q: Where can Resin Laminated Glass be used?

A: Resin Laminated Glass can be used in a variety of applications, including windows, doors, skylights, railings, partitions, and facades. It is also commonly used in automotive and aerospace industries.

Q: How is Resin Laminated Glass made?

A: Resin Laminated Glass is made by placing a layer of resin between two or more panes of glass and then subjecting the assembly to heat and pressure. The resin then bonds to the glass, creating a single, durable pane.

Q: Is Resin Laminated Glass easy to maintain?

A: Yes, Resin Laminated Glass is easy to maintain. It can be cleaned with a mild soap and water solution and a soft cloth. Avoid using abrasive cleaners or tools that may scratch or damage the glass surface.

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries. Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
