Product Description

Product Description:

JAFFA's eco resin panels are specifically designed to meet the unique requirements of indoor cafe decoration.

The custom feature allows for a personalized touch, enabling cafe owners to create a distinct and inviting atmosphere that aligns with their brand and style. The panels can be tailored in terms of size, shape, color, and pattern to seamlessly integrate into the existing decor or to establish a bold new look.

One of the standout features of these panels is their exceptional stain-resistant property. In a busy cafe environment where spills and stains are common, these panels offer a practical advantage. Whether it's coffee spills, food stains, or accidental marks, the surface of the eco resin panels is engineered to repel and resist staining, ensuring that the panels maintain their pristine appearance with minimal effort for cleaning and maintenance.

For example, on the countertop, the panels can withstand the daily onslaught of various beverages and food substances without showing signs of discoloration or damage. In the seating area, they remain clean and attractive even with frequent use and potential spills.
