Description

- **Semi-Transparent Cylinder Illuminated Design:** Adopts high-clarity frosted acrylic cylinder shape with built-in LED light source, which diffuses light evenly to create a warm and soft spa/hot spring atmosphere, enhancing spatial comfort and high-level sense.
- **High-Toughness Weather-Resistant Acrylic Material:** Made of imported high-toughness frosted/semi-transparent acrylic panels, impact-resistant, scratch-resistant and anti-yellowing, adapting to humid and high-temperature spa environment, maintaining transparent luminous effect for long-term use, complying with overseas leisure place safety standards.
- **Modular Splicing Structure:** The lamp post consists of acrylic cylinder + metal base + light source component in sections, convenient for transportation and on-site assembly, with customizable height and diameter to adapt to different spatial layouts.
- **Safe Waterproof Light Source System:** Built-in IP65 waterproof LED strip, with sealed power supply and lamp body, which can operate stably in humid environment without leakage risk, complying with overseas electrical safety codes.
- **Stable Installation Structure:** The bottom adopts weighted metal base + anti-slip pad, or can be embedded and fixed on the ground, which is stable and not easy to tip over. The acrylic edges are rounded and polished to avoid collisions.
- **Multi-Scene Adaptability:** Can be used in spa centers, hot spring clubs, indoor swimming pools, leisure hotels, health care venues and other scenarios, being a core decorative lamp to enhance spatial atmosphere.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser cutting + heat bending + fine frosted treatment, burr-free and odorless. The acrylic material complies with EU ROHS environmental standards, and the LED light source is flicker-free and radiation-free.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported Semi-Transparent/Frosted Acrylic + Stainless Steel/Aluminum Alloy Base + IP65 LED Strip
Color	Warm White/Warm Yellow/Color Gradient (Customizable Light Color)
Structure	Cylinder/Square Column + Modular Assembly + Bottom/Full Lighting
Standard Size	Per Lamp: H1200–2400mm × Diameter 150–300mm (Adjustable)
Thickness	Acrylic Panel 5–10mm + Metal Base 10–20mm
Craftsmanship	Laser Cutting + Heat Bending + Fine Frosted Treatment + Assembly
Weight Per Lamp	Approx. 10–30 kg (Depends on Size)
Packaging	Custom Shockproof Gift Box + Bubble Film + Pearl Cotton (Shockproof)
Installation Method	Floor Placement / Ground Embedding (Optional)
Size Customization	Adjustable H/Diameter, MOQ: 1 Set

Form Customization Parameter Item (English)	Customizable Cylinder/Square Column/Irregular Shape Parameter Value (Customizable)
LED Customization	Customizable Light Color/Brightness/Dimming Mode/Smart Control
Material Customization	Optional Acrylic/Base Material
Function Customization	Customizable Waterproof Rating/Dimming/Timer Off
Safety Customization	Customizable Rounded Corner/Anti-Slip/Fire Rating

PARTICULARITY

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!
 If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order,
 the goods will be delivered within 1-3 working days under normal circumstances.
 If the quantity is large or the process is complex,
 the production cycle will be extended. If you have requirements for delivery time,
 you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology,
 light, display parameters and other factors.
 The color of the received object will be different from the photo.
 Please take the object as the standard.

About price

Because there are many specifications of raw materials,
 please contact customer service for quotation for other specifications.
 (The link price is for the convenience of customers to place an order, not the actual price of the product)

FAQ

1. What scenarios is this illuminated lamp post suitable for?

Answer: It is suitable for humid and high-temperature leisure scenarios such as spa centers, hot spring clubs, indoor swimming pools, leisure hotels and health care venues, being a core decorative lamp to enhance spatial atmosphere.

2. How durable is the acrylic lamp post in humid environment?

Answer: Made of weather-resistant acrylic and IP65 waterproof light source, it is moisture-resistant and high-temperature resistant, no yellowing or leakage for long-term use, with a service life of over 50,000 hours, with a service life of over 50,000 hours, complying with overseas leisure place safety standards.

3. Is the light eye-caring? Does it meet overseas electrical safety standards?

Answer: The LED light source is flicker-free and blue-light hazard-free, and the light is soft and not dazzling after acrylic diffusion. The power supply and lamp body are sealed, complying with overseas electrical safety codes such as CE/UL, no leakage risk.

4. Does it support dimming or smart control?

Answer: Yes. Functions such as touch dimming, remote control, WiFi/Bluetooth smart control can be customized to meet the atmosphere needs of different scenarios.

5. Is installation and transportation complicated?

Answer: The modular sectional design can be disassembled for transportation, reducing logistics costs. The floor placement design does not require complex installation, only simple wiring is needed, which is convenient and efficient.

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries.

Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
