- Highlight: **custom illuminated acrylic bar counter, plexiglass reception counter with lighting, custom-made acrylic ambient bar counter**

### More Images

### Product Description

- **Material & Visual Core:** Crafted from high-transparency optical-grade acrylic/crystal acrylic sheets, with built-in high-CRI LED strips/modules. Light guide and diffusion technology delivers soft, uniform illumination, avoiding glare while endowing the counter with a translucent, premium texture that becomes the focal point of any space.
- **Full-Spectrum Customization Capabilities:** We support end-to-end customization from size and shape to lighting and finishes:
  - **Shapes:** Straight, curved, L-shaped, U-shaped, round, and fully custom irregular forms to fit any spatial layout;
  - **Lighting:** Steady, gradient, breathing, chaser, and sound-sync modes, with color options spanning warm white, cool white, and full RGB spectrum, controllable via remote or smart APP;
  - **Surface Finishes:** High-gloss polish, matte frost, crackle texture, water ripple, gradient, and embedded patterns to create a unique visual identity.
- **Core Functional Advantages:**
  - **Atmosphere Creation:** Lighting modes adapt to different scenarios—subtle and luxurious by day, instantly elevating space ambiance and sophistication when illuminated at night;
  - **Brand Display:** Embeddable brand logos, icons, or patterns glow to act as mobile brand advertising, strengthening brand recall;
  - **Functional Integration:** Optional wireless charging, USB ports, touch switches, and hidden storage to balance aesthetics and practicality;
  - **Safety & Durability:** 12V/24V low-voltage safe power supply, LED lifespan ≥50,000 hours, impact-resistant acrylic that's easy to clean and resistant to long-term deformation.

Our Product Introduction

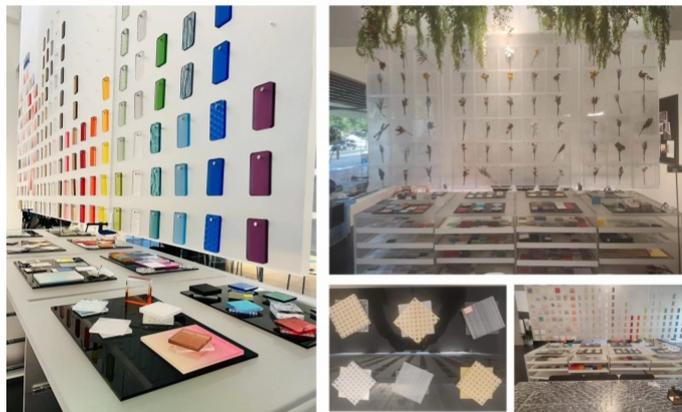

- **Diverse Application Scenarios:**
  - **F&B & Entertainment:** Bars, lounges, cocktail bars, restaurant host stands, and KTV counters to create immersive consumer experiences;
  - **Hotels & Clubs:** Hotel lobbies, club receptions, and lounge bars to signal premium positioning and service quality;
  - **Commercial Offices:** Corporate receptions, showroom desks, and creative office bars to enhance brand image and workplace elegance;
  - **Retail & Display:** Luxury, beauty, and streetwear store checkouts/display counters to highlight products and brand tone with lighting;
  - **Special Projects:** Art installations, exhibition booths, and pop-up events as a creative visual medium.
- **Engineering & Service Guarantee:** Modular design enables efficient on-site installation; we offer one-stop service including site measurement, design drafting, production, logistics, and installation guidance. All electrical components hold CE/UL/FCC certifications, ensuring safe global export.

## ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries. Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

### Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market. In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services. No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

### Ensure the quality and effect of products.

## FAQ (English Version)

**1. Q: What is the lead time for custom orders?**

A: 15-20 days for standard designs; 25-30 days for complex irregular shapes or special finishes, subject to order volume and production schedule.

**2. Q: Can the brightness and color of the lights be adjusted?**

A: Yes, we offer remote control or smart APP options to freely adjust brightness, switch between static/animated lighting modes, and change full RGB colors.

**3. Q: Does the product meet international safety standards?**

A: All electrical components are CE/UL/FCC certified, with 12V/24V safe low-voltage output, making it suitable for export to most global markets.

**4. Q: How is the product protected during international shipping?**

A: Multi-layer protective packaging (wooden crate + high-density foam + pearl cotton) is used, with extra reinforcement for fragile edges and corners. We support sea freight, air freight, and express delivery (DHL/FedEx/UPS).

**5. Q: Is post-maintenance complicated?**

A: The acrylic surface can be easily cleaned with a soft microfiber cloth and mild detergent. The LED light source is modular, allowing individual replacement in case of failure without full disassembly of the counter.

**6. Q: Can you help with design and installation guidance?**

A: Yes, our professional design team can provide 3D renderings and CAD drawings based on your space measurements. We also offer detailed installation manuals and remote video guidance for on-site teams.

RETURN AND EXCHANGE INSTRUCTIONS

## PARTICULARITY

(Customized products, subject to the effect)  
After cutting, it will affect the secondary sales.  
If there is no quality problem, we don't support returning goods.  
Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,  
and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!

If you have any questions.

Please contact our after-sales customer service.

**We will give a reasonable treatment plan in time ~**

### **About delivery**

After the customer places an order,  
the goods will be delivered within 1-3 working days under normal circumstances.  
If the quantity is large or the process is complex,  
the production cycle will be extended. If you have requirements for delivery time,  
you can contact and negotiate.

### **About chromatic aberration**

The product pictures are all real photos, but due to shooting technology,  
light, display parameters and other factors.

The color of the received object will be different from the photo.

Please take the object as the standard.

### **About price**

Because there are many specifications of raw materials,  
please contact customer service for quotation for other specifications.  
(The link price is for the convenience of customers to place an order, not the actual price of the product)
