

JAFFA Custom Large-Scale Acrylic Art Installation, Gradient Spiral/Cloud Shape, Atrium Ceiling Decor Sculpture for Mall/Hotel

Our Product Introduction

for more products please visit us on custom-acrylicproducts.com

Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: T/T,L/C,D/P
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guar
- Highlight: acrylic in architecture, architectural acrylic

More Images

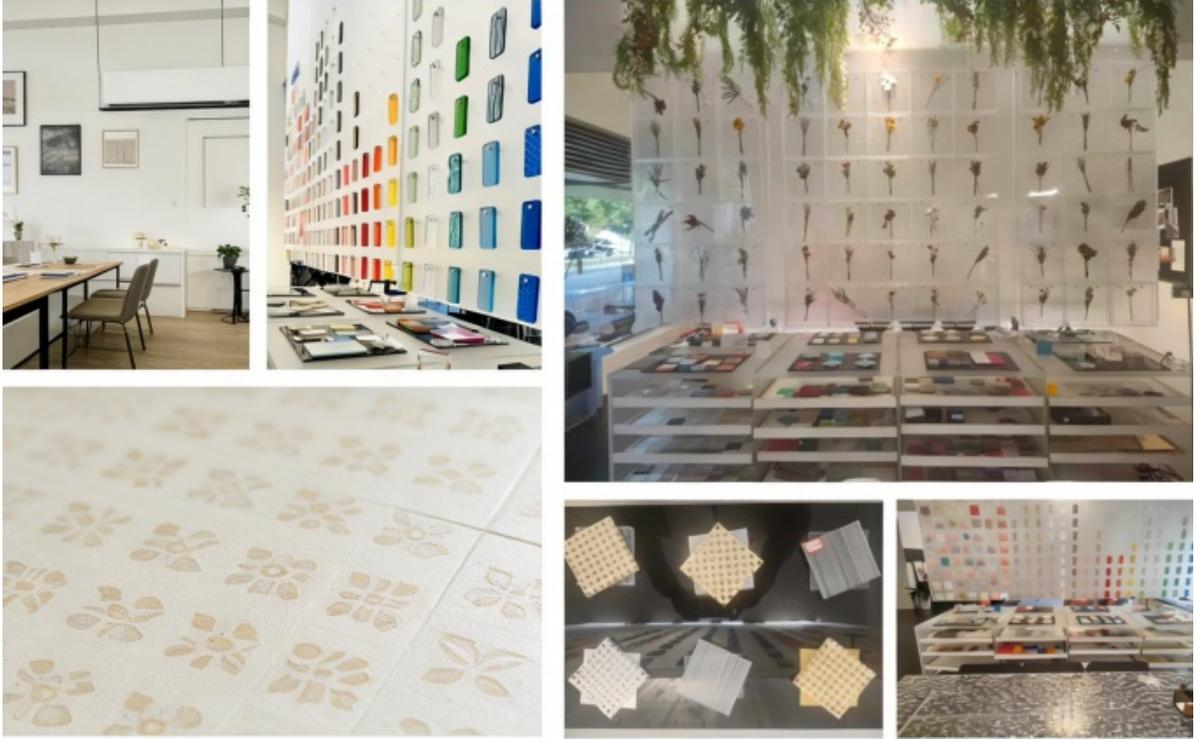

Description

- **Artistic Shape Design:** Customizable abstract art shapes such as gradient spirals and flowing clouds, created by laminating acrylic sheets to form a dynamic and rhythmic visual focus in the atrium, becoming the core art installation for high-end commercial spaces.
- **High-Clarity/Frosted Colored Acrylic Material:** Made of imported high-clarity/frosted colored acrylic panels with thickness 2–8mm, customizable gradient colors, uniform light transmittance, delicate texture, no yellowing or deformation for long-term use, complying with overseas public space safety standards.
- **Modular Suspension Structure:** The installation is composed of multiple acrylic units + metal wires/frames in sections, prefabricated in the factory and hoisted on-site, adaptable to atriums and void spaces of different heights, with flexible adjustment of shape and size.
- **Light Integration Design:** Built-in LED strips/point light sources can be embedded, and light diffuses through acrylic to create soft and dreamy ambient lighting, perfectly integrated with the installation shape to enhance the night visual effect.
- **Safe and Stable Suspension System:** Adopts stainless steel wires + load-bearing frames, calculated by professional mechanics to ensure stable suspension of the installation, with high wind and earthquake resistance, complying with overseas public building safety codes such as ASTM/EN.
- **Multi-Scene Adaptability:** Can be used in high-end public spaces such as mall atriums, hotel lobbies, art galleries, and convention centers, being a core decoration to enhance the artistic style and brand image of the space.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser cutting + hot bending + fine polishing + layered assembly, no odor or formaldehyde, acrylic material complies with EU ROHS environmental standards, flame retardant grade up to B1.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported High-Clarity/Frosted Colored Acrylic + Stainless Steel Wires/Aluminum Alloy Frame + LED Light Source
Color	Gradient Red/Pink/White/Blue (Customizable)
Structure	Spiral/Cloud/Abstract Shape + Modular Suspended Assembly
Standard Size	Single Set: H3-15m × W2-10m (Adjustable)
Thickness	Acrylic Panel 2-8mm + Wire/Frame 2-10mm
Craftsmanship	Laser Cutting + Hot Bending + Polishing + Layered Assembly
Weight Per Set	Approx. 100-2000 kg (Depends on Size)
Packaging	Custom Wooden Crate + Bubble Film + Pearl Cotton (Shockproof)
Installation Method	Top Embedding + Wire Suspension + Light Wiring

Parameter Item (English)	Parameter Value (Customizable)
Size Customization	Adjustable H/W, MOQ: 1 Set
Form Customization	Customizable Spiral/Cloud/Wave/Abstract Irregular Shape
Material Customization	Customizable Acrylic Color/Thickness/Light Transmittance
Light Customization	Customizable Light Color/Brightness/Dimming Mode
Safety Customization	Customizable Wire Load-Bearing/Wind Resistance/Fire Rating
Function Customization	Integratable Light Control/Dynamic Effect

PARTICULARITY

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!

If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order,
 the goods will be delivered within 1-3 working days under normal circumstances.
 If the quantity is large or the process is complex,
 the production cycle will be extended. If you have requirements for delivery time,
 you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology,
 light, display parameters and other factors.

The color of the received object will be different from the photo.

Please take the object as the standard.

About price

Because there are many specifications of raw materials,
 please contact customer service for quotation for other specifications.

(The link price is for the convenience of customers to place an order, not the actual price of the product)

1. What scenarios is this acrylic art installation suitable for?

Answer: It is suitable for high-end public spaces such as mall atriums, hotel lobbies, art galleries, and convention centers, being a core decorative device to create artistic atmosphere and brand image.

2. How is the weather resistance and safety of the acrylic installation? Does it meet overseas standards?

Answer: Made of imported weather-resistant acrylic, it is UV-resistant and deformation-resistant. The structural design complies with overseas public building safety codes such as ASTM/EN/CE, with a flame retardant grade up to B1, and a service life of over 10 years.

3. Does it support complex shape or gradient color customization?

Answer: Yes. Complex shapes such as spirals and clouds can be realized through modular layered splicing, and gradient colors, semi-transparent/frosted effects can also be customized to meet different artistic design needs.

4. Does the lighting system support smart control?

Answer: Yes. It can integrate smart control functions such as dimming, color mixing, and dynamic effects, and realize remote control through WiFi/Bluetooth/DMX512 to adapt to the atmosphere needs of different scenarios.

5. Is installation and transportation complicated?

Answer: The modular sectional design can be disassembled for transportation, reducing logistics difficulty; it is installed on-site by a professional team for top embedding and wire suspension, with supporting light wiring and debugging, the construction period is controllable, safe and efficient.

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries.

Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
