- Delivery Time: 7-10 work days
- Payment Terms: D/P,T/T,L/C
- Supply Ability: 500sets/Year

Product Specification

Product Description

Custom - made office workstation partitions

Custom Acrylic Workstation Dividers: Efficient Separation, Safe Protection

Crafted by **JAFFA DESIGN PLASTIC**, a leader in high-end design, these custom acrylic workstation dividers are the ideal choice for modern offices and public spaces. We specialize in luxury design, combining the transparent elegance of acrylic with robust durability. Through flexible modular design, they maintain spatial openness while enabling efficient separation and safety protection, infusing every space with order and warmth.

Core Functions & Advantages

1. Efficient Spatial Separation

Clearly define individual workstations or functional zones, reducing distractions and improving efficiency in busy environments.

2. Safety Barrier

Act as a physical shield to block droplet transmission, providing health protection in offices, restaurants, healthcare facilities, and other high-traffic settings.

3. Transparency Without Claustrophobia

High-transparency acrylic allows light and sight to pass through, avoiding the closed-off feel of traditional partitions and keeping spaces open and bright.

4. Durability & Easy Sanitization

Made from high-quality cast acrylic, it is 20 times more impact-resistant than glass, with a smooth, non-porous surface that is easy to clean and disinfect, ideal for frequent use.

5. Fully Customizable for Any Space

Tailored to fit any size, layout, or color requirement, making it perfect for office cubicles, restaurant tables, hospital triage areas, bank counters, and more.
