- Highlight: **Acrylic Workstation Partitions, Acrylic Workstation Dividers**

for more products please visit us on custom-acrylicproducts.com

Description

- **Frosted Semi-Transparent Privacy Design:** Features frosted acrylic panels with a hazy semi-transparent effect, ensuring office area privacy while allowing light to pass through and maintaining spatial transparency.
- **High-Toughness Weather-Resistant Acrylic Material:** Made of imported high-toughness acrylic panels, which are impact-resistant, scratch-resistant and anti-yellowing, not easily deformed or cracked for long-term use, complying with overseas office space standards.
- **Modular Splicing Structure:** The partition consists of acrylic panel + metal/wooden support frame + plant slot in sections, with freely combinable height and width to fit different workstation layouts.
- **Flexible Installation Methods:** Supports multiple installation methods: floor-mounted (with cabinet base), workstation clip-on, and suspended, suitable for open/semi-open offices.
- **Safe & Stable Structure:** The bottom adopts a weighted cabinet/anti-slip foot pad, with a firm connection between the frame and the panel, and rounded edge treatment to avoid collisions, complying with office safety codes.
- **Multi-Scene Adaptability:** Can be used for open office workstation partitioning, meeting room dividers, front desk area separation, hospital/school space division and other scenarios.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser cutting + fine polishing + frosted treatment, burr-free and odorless. The acrylic material complies with EU ROHS environmental standards and is harmless to humans.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

PARTICULARITY

(Customized products, subject to the effect)
After cutting, it will affect the secondary sales.
If there is no quality problem, we don't support returning goods.
Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,
and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!

If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order,

the goods will be delivered within 1-3 working days under normal circumstances.
If the quantity is large or the process is complex,
the production cycle will be extended. If you have requirements for delivery time,
you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology,
light, display parameters and other factors.

The color of the received object will be different from the photo.
Please take the object as the standard.

About price

Because there are many specifications of raw materials,
please contact customer service for quotation for other specifications.
(The link price is for the convenience of customers to place an order, not the actual price of the product)

FAQ

1. What scenarios is this office partition suitable for?

Answer: It is suitable for open office workstation partitioning, meeting room dividers, front desk area separation, hospital/school space division and other scenarios, being an ideal choice to improve space utilization and privacy.

2. How is the privacy and light transmittance of the frosted acrylic panel?

Answer: The frosted semi-transparent effect effectively blocks sight to ensure office privacy, while the light transmittance is over 60%, not affecting indoor lighting and maintaining spatial transparency.

3. How durable is the acrylic partition? Does it meet overseas office standards?

Answer: Made of imported high-toughness acrylic, it is impact-resistant, scratch-resistant and anti-yellowing, not easily deformed for long-term use. It can be customized to comply with overseas office safety codes such as ASTM/EN, suitable for overseas project needs.

4. Does the plant slot support irrigation and drainage?

Answer: Yes. Drainage holes and irrigation ports can be reserved at the bottom of the plant slot to fit potted/hydroponic plants and avoid water damage to the cabinet.

5. Is installation and transportation complicated?

Answer: It features modular sectional design, detachable for transportation to reduce logistics costs. It is spliced and installed on-site by professionals, suitable for different workstation layouts with convenient construction.

ABOUT US

We are committed to providing customers with high-quality acrylic,
plexiglass and resin plate products to meet the needs of various industries.
Whether it's commercial display, interior decoration, advertising logo or home design,

we can make it according to customer's requirements.
