- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

### Product Specification

- Material: PMAA
- Standard Size: Customizable
- Color: Customizable
- Feature: Rotatable
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guar
- Highlight: **acrylic canopy, canopy acrylic, acrylic rain awning**

### More Images

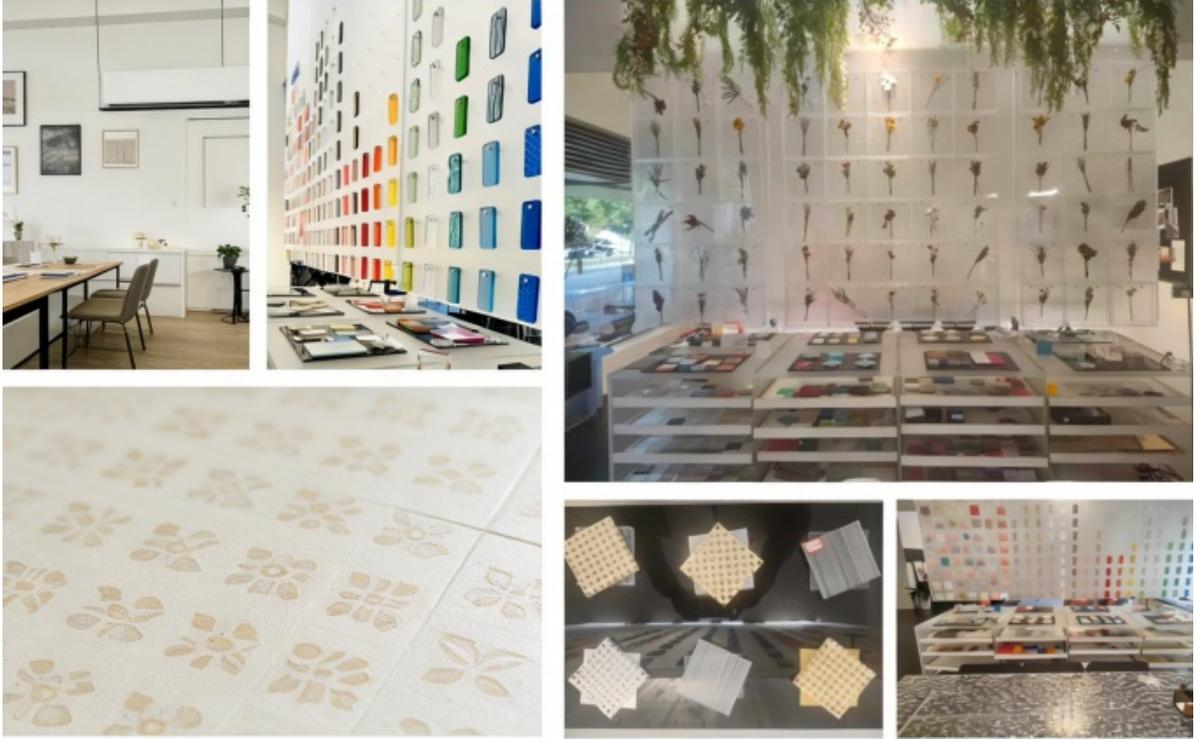

### Description

- **360° Panoramic Skylight Dome Design:** Adopts hemispherical transparent acrylic/PC panel splicing structure to create a dead-angle-free panoramic view, with transparent lighting during the day and starry sky viewing at night, becoming the core internet-famous product for homestays, hotels and cultural tourism scenic spots.
- **High-Clarity Weather-Resistant Acrylic Material:** Made of imported high-transparent UV-resistant acrylic/PC panel with thickness 5–10mm, light transmittance over 90%, high and low temperature resistant, impact-resistant, anti-yellowing, no cracking or discoloration for long-term use, complying with overseas outdoor accommodation safety standards.
- **Modular Splicing Structure:** The bubble house is composed of multiple curved acrylic panels + aluminum alloy/steel skeleton in sections, prefabricated in the factory and quickly assembled on-site, customizable to different sizes (diameter 3–6m, etc.), adapting to various sites such as mountains, watersides and rooftops.
- **Professional Waterproof Ventilation System:** Water chutes and ventilation windows are designed at the top and bottom, matched with sealing strips to effectively prevent water leakage and ensure indoor air circulation, avoiding stuffiness and humidity.
- **Safe and Stable Structure:** The aluminum alloy/steel skeleton is thickened, fixed to the ground/platform through expansion bolts, with wind resistance up to level 12 and excellent seismic performance, complying with overseas building safety codes such as ASTM/EN.
- **Multi-Scene Adaptability:** Can be used in mountain homestays, lakeside hotels, rooftop restaurants, cultural tourism scenic star rooms, outdoor camping cabins and other scenarios, combining accommodation, catering and viewing functions.
- **Eco-Friendly & Safe Craftsmanship:** Adopts non-toxic and environmentally friendly acrylic material + aluminum alloy skeleton, no formaldehyde or odor, complies with EU ROHS environmental standards, flame retardant grade up to B1, harmless to humans and the environment.

# Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported High-Clarity Acrylic/PC Panel + Aluminum Alloy/Steel Skeleton + Sealing Strips
Color	Transparent/Light Gray/Gradient Blue (Customizable)
Structure	Hemispherical Dome + Modular Assembly + Panoramic Lighting
Standard Size	Diameter 3–6m × H2.5–3.5m (Adjustable)
Thickness	Acrylic/PC Panel 5–10mm + Skeleton Wall Thickness 2–3mm
Craftsmanship	Hot Bending + CNC Cutting + Polishing + Modular Assembly
Weight Per Unit	Approx. 300–1000 kg (Depends on Size)
Packaging	Custom Wooden Crate + Foam Cotton + Shockproof Pad (Shockproof)
Installation Method	Skeleton Embedding + Panel Splicing + Sealing Waterproof

Parameter (English)	Parameter Value (Customizable)
Form Customization	Customizable Hemispherical/Oval/Irregular Dome
Material Customization	Customizable Panel Color/Thickness/Skeleton Material
Function Customization	Integratable Built-In Bathroom/Lighting/Air Conditioner/Curtain
Safety Customization	Customizable Wind Resistance/Seismic Resistance/Fire Rating

## PARTICULARITY

(Customized products, subject to the effect)  
 After cutting, it will affect the secondary sales.  
 If there is no quality problem, we don't support returning goods.  
 Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,  
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!  
 If you have any questions.

Please contact our after-sales customer service.

**We will give a reasonable treatment plan in time ~**

### **About delivery**

After the customer places an order,  
 the goods will be delivered within 1-3 working days under normal circumstances.  
 If the quantity is large or the process is complex,  
 the production cycle will be extended. If you have requirements for delivery time,  
 you can contact and negotiate.

### **About chromatic aberration**

The product pictures are all real photos, but due to shooting technology,  
 light, display parameters and other factors.

The color of the received object will be different from the photo.

Please take the object as the standard.

### **About price**

Because there are many specifications of raw materials,  
 please contact customer service for quotation for other specifications.

(The link price is for the convenience of customers to place an order, not the actual price of the product)

## FAQ

### 2. What scenarios is this acrylic bubble house suitable for?

Answer: It is suitable for mountain homestays, lakeside hotels, rooftop restaurants, cultural tourism scenic star rooms, outdoor camping

cabins and other scenarios, being a core product to create internet-famous check-in spots and immersive accommodation experience.

**3. How is the weather resistance of acrylic panels outdoors? Does it meet overseas standards?**

Answer: Made of imported UV-resistant acrylic/PC panel, it is high and low temperature resistant, wind and rain resistant, no yellowing or cracking for long-term use. The structural design complies with overseas building safety codes such as ASTM/EN/CE, with a service life of over 15 years.

**4. What is the waterproof and ventilation effect of the bubble house?**

Answer: Water chutes and ventilation windows are designed at the top and bottom, matched with sealing strips, which can not only effectively prevent water leakage but also ensure indoor air circulation, avoiding stuffiness and humidity, adapting to rainy and humid areas.

**5. Does it support integrating built-in bathroom, air conditioner and other functions?**

Answer: Yes. It can integrate bathroom, air conditioner, lighting, electric curtain and other facilities according to needs to create a comfortable full-function accommodation space.

**6. Is installation and transportation complicated?**

Answer: The modular sectional design can be disassembled for transportation, reducing logistics difficulty; it is installed on-site by a professional team for skeleton embedding and panel splicing, with supporting waterproof/ventilation/plumbing and electrical construction, short installation period, adapting to various site environments.
