Rotating Pine Tree Desktop Organizer: Bring the Forest to Your Desk, Turn Storage into a View

Crafted by **JAFFA DESIGN PLASTIC**, this rotating pine tree desktop organizer is a playful choice for modern offices and homes. Using high-transparency colored acrylic, we recreate the classic silhouette of a pine tree, paired with a 360° rotating structure. It transforms desktop storage from a cold tool into a desktop artwork that blends beauty and practicality, infusing your space with natural vitality and order.

Core Highlights

1. Natural Aesthetics, Brighten Your Desk

The pine tree shape has a calming effect, and the colored acrylic refracts light with a transparent luster. It is both a storage tool and a desktop decoration, adding vitality and style to your office and home space.

2. 360° Rotation, Easy Access

The bottom rotating structure allows you to access items on any tier with a simple turn, eliminating the need to get up or move the organizer, making it efficient and convenient to keep your desk tidy.

3. Layered Storage, Double the Space

The 3-tier design lets you categorize stationery, beauty tools, small decor, and more, keeping your desk items organized and clutter-free.

4. Premium Acrylic, Durable & Easy to Clean

Made from high-quality cast acrylic, it is 20 times more impact-resistant than glass. Its smooth surface is easy to clean, resistant to yellowing and warping, and maintains a like-new appearance for years.

Custom Parameter Table

Parameter Category	Specific Parameters	Optional Range/Description	Application Supplement
Material	High-Quality Colored Cast Acrylic	High-transparency/Semi-transparent/Frosted Acrylic; Anti-yellowing, Impact-resistant	Suitable for high-frequency desktop use, maintaining a clear appearance
Size Customization	Overall Dimensions, Number of Tiers	Diameter: 20–30cm; Height: 25–40cm; Tiers: 2–4 layers	Adapts to different desktop spaces and storage needs
Color & Texture	Surface Color, Light Transmission	Forest green, frosted white, etc.	Matches home/office styles; limited holiday colors available
Structure & Function	Rotating Base, Assembly Method	360° rotating base; snap-fit/magnetic assembly	Easy access, simple installation and disassembly
Surface Craft	Engraving, Printing, Coating	Laser engraving of logos/patterns; UV printing for decoration; scratch-resistant coating	Personalized customization to enhance product recognition
Load Capacity	Maximum Weight per Tier	1–2kg per tier (adjustable based on thickness)	Ideal for lightweight items like stationery, beauty tools, and small decor
Customization Cycle	Design + Production	Regular: 7–10 working days; Complex customization: 10–15 working days	Efficient delivery to meet holiday/event deadlines
