

JAFFA Custom Luxury Acrylic Infinity Pool, Suspended Transparent Viewing Pool, Outdoor Acrylic Pool for Mansions & Hotels

Our Product Introduction

for more products please visit us on custom-acrylicproducts.com

Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Highlight: **High Durability Acrylic Infinity Pool, Custom made Acrylic Infinity Pool**

Description

- **Infinity/Suspended Viewing Design:** Replaces traditional pool walls with high-clarity acrylic panels to create an "infinite horizon" or suspended overhang effect, directly facing courtyard/city/mountain scenery, becoming the core landscape and check-in spot for mansions and high-end hotels.
- **Ultra-Thick High-Clarity Acrylic Material :** Made of imported special high-transparency acrylic panels with thickness 80–300mm. It has excellent water pressure resistance, impact resistance and weather resistance, with light transmittance over 92%, clearly showing underwater scenery and external views, complying with international pool safety standards.
- **Modular Splicing Craft:** The pool is composed of multiple acrylic panels + stainless steel/steel structure support frames in sections, prefabricated in the factory and assembled on-site, realizing complex shapes such as linear/curved/suspended to adapt to irregular sites.
- **Dual Waterproof Sealing System:** Adopts pool-grade sealant + structural waterproof double treatment. The connection between acrylic and building base is leak-proof reinforced, adapting to outdoor rain and temperature difference environments, no leakage for long-term use.
- **Safe & Stable Structure:** Acrylic panels are firmly connected to the building main body through stainless steel clamps. Suspended models are equipped with load-bearing steel beams and wind-resistant tie rods, with high wind and earthquake resistance, able to withstand complex water pressure and climate, complying with overseas pool safety codes such as ASTM/EN.
- **High-End Scenario Adaptation:** Can be used for private mansions, five-star hotels, vacation homestays and commercial complexes, balancing leisure, viewing and brand communication functions.
- **Eco-Friendly & Safe Craftsmanship:** Adopts high-precision CNC cutting + heat bending + fine polishing, no bubbles or impurities. The acrylic material complies with EU ROHS environmental standards, harmless to humans and water bodies.

Sample fee Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported High-Clarity Acrylic + Stainless Steel/Steel Structure Support Frame + Pool-Grade Sealant + Waterproof Power Supply
Color	High-Clarity Transparent (Customizable Light Blue/Gradient Acrylic)
Structure	Infinity/Suspended/Viewing + Modular Assembly + Transparent Wall
Standard Size	Single Pool: L5-30m x W3-12m x D1.2-2.0m (Adjustable)
Thickness	Acrylic Panel 80-300mm + Support Frame/Steel Beam 50-200mm
Craftsmanship	CNC Cutting + Heat Bending + Polishing + Sealed Splicing + Waterproof Treatment
Weight Per Panel	Approx. 300-5000 kg (Depends on Size)
Packaging	Custom Heavy-Duty Wooden Crate + Shockproof Pad + Fixed Steel Frame (Shockproof)
Installation Method	Building Base Embedding + Steel Structure Support + Sealed Splicing
Size Customization	Adjustable L/W/D, MOQ: 1 Set
Form Customization	Customizable Linear/Curved/Suspended/Corner/Infinity Shape
Material Customization	Customizable Acrylic Thickness/Color/Light Transmittance
Function Customization	Integratable Constant Temperature/Filtering/Underwater Lighting/Ambient Light System
Safety Customization	Customizable Water Pressure Resistance/Wind Resistance/Seismic Performance
Waterproof Customization	Pool Waterproof Rating IP67 (Upgradable to IP68)

PARTICULARITY

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!
 If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

About delivery

After the customer places an order, the goods will be delivered within 1-3 working days under normal circumstances. If the quantity is large or the process is complex, the production cycle will be extended. If you have requirements for delivery time, you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology, light, display parameters and other factors. The color of the received object will be different from the photo. Please take the object as the standard.

About price

Because there are many specifications of raw materials, please contact customer service for quotation for other specifications.
(The link price is for the convenience of customers to place an order, not the actual price of the product)

FAQ

- 1. What scenarios is this acrylic pool suitable for?** Answer: It is suitable for high-end scenarios such as private mansions, five-star hotels, vacation homestays and commercial complexes, being an ideal choice to create core landscapes and internet-famous check-in spots.
- 2. How safe and durable is the acrylic pool? Does it meet overseas standards?** Answer: Made of ultra-thick high-clarity acrylic, it has excellent impact resistance and weather resistance. The structural design complies with overseas pool safety codes such as ASTM/EN/CE, with a service life of over 30 years.
- 3. What is the load-bearing capacity and safety of the suspended acrylic pool?** Answer: The suspended model is equipped with load-bearing steel beams and wind-resistant tie rods at the bottom. Through professional structural calculation, it can bear the full water weight and external wind pressure, with a safety factor in line with international building standards.
- 4. Does it support integration of constant temperature, filtering and lighting systems?** Answer: Yes. It can integrate constant temperature system, circulation filtering system, underwater LED lights and ambient light strips to meet the leisure and atmosphere needs of different scenarios.
- 5. Is installation and transportation complicated?** Answer: The modular sectional design can be disassembled for transportation, reducing logistics difficulty. It is installed on-site by a professional team for structural embedding and acrylic splicing, with supporting waterproof construction to ensure efficient and safe installation.

JAFFA

THE REASON FOR OUR CHOICE

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries. Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
