Product Description

JAFFA DESIGN PLASTIC Custom Acrylic Display Cabinet/Storage Cabinet

made of high-quality acrylic and centered on multi-dimensional customization, are specially designed for various collections and items such as figurines, bags, shoes, and books. Integrating ultimate display and professional storage, they are the ideal choice for home display, private collection, and store display. We break the limitations of traditional storage, deeply integrate high-transparent texture, durable performance and personalized needs, so that every collection can be gently guarded, and every display can show a unique style.

Whether it is a figurine collected for many years, carefully matched bags and shoes, or scattered books and classics, JAFFA can create an exclusive storage and display solution through precise customization. Selected high-weather-resistant and high-quality acrylic raw materials, with excellent anti-yellowing, anti-cracking and impact-resistant properties, the light transmittance is as high as 92% or more, no reflection, no distortion, clearly restoring the true color and details of the collection. It is lighter and safer than glass, and more durable than ordinary acrylic. One choice, long-term protection.

Core Highlights

- **Multi-adaptable, Multi-purpose:** Precisely suitable for different exhibits such as figurines, bags, shoes, and books. The layer height and cabinet structure can be customized according to the size and shape of the items—the exclusive shelf for figurines highlights details, the bag cabinet can add hanging rods + drawers to store small accessories, the shoe cabinet can be designed with an incline for easy access, and the book cabinet is layered according to the format, balancing display and storage, and eliminating clutter.
- **Premium Acrylic, Timeless Freshness:** JAFFA adheres to the selection of cast-grade high-quality acrylic, with excellent anti-yellowing, anti-cracking and impact-resistant performance. The light transmittance is as high as 92% or more, no reflection, no distortion, clearly restoring the true color and details of the collection. It is lighter and safer than glass, and more durable than ordinary acrylic. One choice, long-term protection.
- **Full-link Customization, Highlight Personality:** Supports full customization of size, color, structure and process—the size can be adjusted from small desktop models to large floor-standing models, the color can be transparent, frosted, solid color, gradient color, the surface can be laser engraved with logos, patterns or text, and personalized configurations such as LED light strips, dust-proof seals and locks can be added. It is suitable for various scenes such as homes, private collections, stores and exhibition halls, creating exclusive display aesthetics.
- **Flexible and Convenient, Adapt to Multiple Scenes:** Optional open-type, closed-type, wall-mounted, floor-standing, assembly-type and other styles. The small desktop model is easy to place, the large floor-standing model is suitable for large-area display, and the assembly-type design is convenient for transportation and installation. No professional tools are needed, and assembly can be completed in a few minutes, balancing practicality and convenience.
- **Integration of Aesthetics and Practicality:** The simple and elegant design style, the transparent acrylic material has a light and high-end feeling. It can not only be used as a storage tool to organize the space, but also as a display ornament to decorate the environment. It can be seamlessly integrated into the living room, bedroom, study, private collection room, cultural and creative store, exhibition hall, etc., enhancing the space style.
