- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Material: PMMA
- Feature: Luminous
- Highlight: **plexiglass stands, custom acrylic stand, clear display stands**

### Product Description

JAFFA Acrylic Transparent Display Stands are custom-designed transparent display units tailored for coffee spaces, boutique retail stores, home, and office environments. Crafted from high-purity transparent acrylic panels through seamless assembly and modular design, we create installations that blend minimalist aesthetics with functional versatility, ideal for showcasing coffee beans, coffee equipment, cultural products, beauty items, and home decor.

- **Visual Appeal:** Fully transparent acrylic provides unobstructed visibility, allowing displayed items to be presented with a light, airy aesthetic that complements modern minimalist and wabi-sabi design styles, enhancing the premium appeal of merchandise.
- **Flexible Structure:** Modular design supports free combination into multi-tiered, multi-compartment systems, enabling flexible layouts tailored to space size and display needs for immersive showcase environments.
- **Customization:** Full customization is available for dimensions, tiers, shapes, and material combinations, ensuring seamless integration with diverse design styles and display requirements to create one-of-a-kind transparent showcases.

### Product Attributes

- **Materials:** High-purity transparent acrylic (PMMA), thickness options: 5mm–15mm
- **Processes:** Laser cutting, CNC engraving, polishing, seamless assembly
- **Structural Forms:** Freestanding multi-tiered racks, desktop display stands, modular combination racks
- **Applications:** Coffee spaces, boutique retail stores, cultural showrooms, home displays, office desktop storage
- **Installation:** Freestanding, desktop, freely combinable into array layouts

### Customization Parameters Table

Parameter	Options/Specifications
Acrylic Thickness	5mm / 8mm / 10mm / 12mm / 15mm
Overall Dimensions	Customizable to space; common sizes: 600*300*1200mm, 800*400*1500mm, non-standard sizes available
Number of Tiers/Compartments	2–6 tiers, adjustable based on item height, with multi-compartment partition design available
Design Shapes	Linear, L-shaped, U-shaped, custom shapes (based on CAD drawings)
Load Capacity	Max load per shelf: 5–15kg (depending on thickness and structural design)
Surface Finishes	Clear acrylic, anti-glare coating, anti-fingerprint coating, customizable frosted/translucent effects

### Frequently Asked Questions (FAQ)

#### 1. What is the load-bearing capacity of acrylic display stands?

Our stands are structurally engineered to meet display needs, with thickened acrylic panels and seamless assembly, supporting 5–15kg per shelf for safely displaying coffee beans, equipment, cultural products, and merchandise. Exact capacity depends on custom dimensions and thickness.

#### 2. Is acrylic prone to scratches?

We use high-hardness acrylic panels with polished surfaces, offering excellent wear resistance. Avoid contact with hard tools or sharp objects in daily use; minor scratches can be repaired via professional polishing.

#### 3. What is the typical lead time for custom orders?

Standard display stands take 7–10 days. Complex custom shapes or multi-module projects require 15–25 days, depending on layout and technical complexity.

#### 4. Do you provide installation services?

We offer professional installation services nationwide, with precise positioning and layout customization. Alternatively, we provide detailed installation guides and 配套配件 to support self-installation by clients.

#### 5. How should acrylic display stands be cleaned and maintained?

For daily cleaning, use a soft cloth with a neutral detergent on acrylic surfaces. Avoid abrasive tools or cleaners containing grinding agents to prevent scratches. For coffee spaces or stain-prone environments, periodic maintenance with specialized acrylic cleaners is

recommended.
