- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guar
- Highlight: **plexiglass skylight, plexiglass dome skylight, skylight acrylic dome replacement**

Description

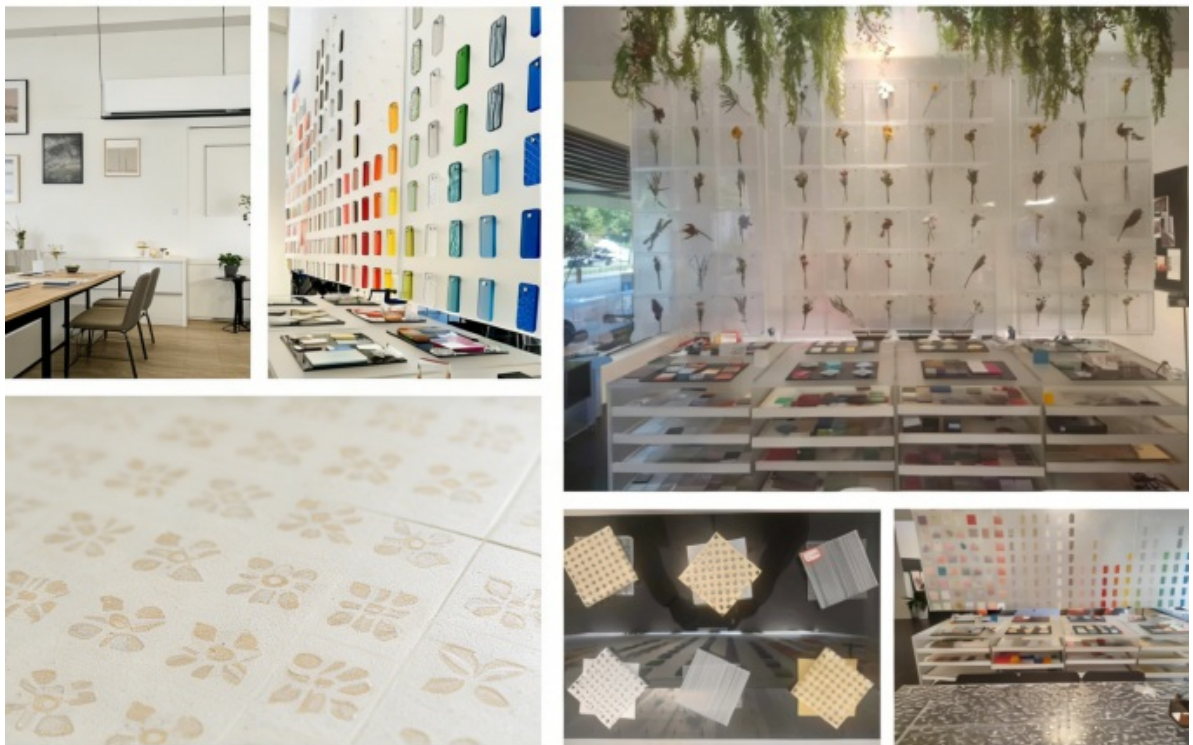

- **Dual-Function Design: Semi-Transparent Decoration + Viewing:** Adopts high-transparent/semi-transparent acrylic panel with off-white metal frame, embedded with circular hollow decoration, ensuring spatial transparency and lighting while creating a hazy privacy sense, ideal for decorative windows of kids rooms, homestays and partition walls.
- **High-Clarity Weather-Resistant Acrylic Material:** Made of imported eco-friendly acrylic/PC polycarbonate with thickness 3–8mm, adjustable light transmittance (transparent/semi-transparent/frosted), impact-resistant, anti-yellowing, no cracking or deformation for long-term use, complying with overseas home safety standards.
- **Modular Splicing Structure:** The window is composed of multiple acrylic panels + metal frames in sections, customizable to 2×2, 3×3 and other grid layouts, with freely adjustable size and position of circular hollows, adapting to different wall sizes.
- **Safe and Stable Structure:** The metal frame is thickened, firmly connected to the wall through expansion bolts, and the edge of the acrylic panel is polished with rounded corners to avoid bump injuries, complying with overseas building safety codes such as ASTM/EN.
- **Multi-Scene Adaptability:** Can be used in kids room partitions, homestay view windows, indoor partition walls, creative decorative windows and other scenarios, combining lighting, privacy and decoration functions.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser cutting + CNC engraving + rounded corner polishing + sealing assembly, no odor or formaldehyde, acrylic material complies with EU ROHS environmental standards, flame retardant grade up to B1.

FAQ

2. What scenarios is this acrylic window suitable for?

Answer: It is suitable for kids room partitions, homestay view windows, indoor partition walls, creative decorative windows and other scenarios. The circular hollow design is lively and lovely, especially suitable for parent-child spaces and cultural tourism homestays.

3. How to balance the privacy and lighting effect of acrylic panels?

Answer: Semi-transparent/frosted panels can be selected, with a light transmittance of about 50%–70%, ensuring sufficient lighting while blurring the rear sight, balancing privacy and transparency; fully transparent panels can also be selected for panoramic viewing.

4. Is acrylic material safe for kids rooms?

Answer: The edge of the acrylic panel is polished with rounded corners, impact-resistant and not easy to break, even if broken, there are no sharp edges, complying with kids' home safety standards; meanwhile, it is formaldehyde-free and odor-free, environmentally friendly and healthy.

5. Does it support customization of different grids or hollow shapes?

Answer: Yes, it can be customized to 2×2, 3×3 and other grid layouts, the size, number and position of circular hollows can be freely adjusted, and can also be replaced with other shapes such as heart shape and star shape.

6. Is installation and transportation complicated?

Answer: The modular design can be disassembled for transportation, reducing logistics difficulty; it is installed on-site by a professional team for wall fixing and sealing assembly, with convenient construction and controllable cycle.

ABOUT US

We are committed to providing customers with high-quality acrylic,
plexiglass and resin plate products to meet the needs of various industries.
