Product Description

Product Description (Short Paragraph)

Acrylic special-shaped creative store signs break the form limitations of traditional rectangular store signs, using animal, geometric, brand IP, and other special-shaped designs as carriers to create unique brand visual symbols with acrylic's transparent texture and flexible shapes. No longer generic signs, they are direct expressions of brand personality – puppy shapes for pet-friendly stores, geometric cuts for trendy brands, artistic lines for cultural and creative spaces, making stores stand out in the neighborhood.

Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (5mm–15mm) + stainless steel/aluminum alloy frames + LED light sources (optional)
- Craftsmanship: Special-shaped cutting, frame welding, surface polishing, light source embedding
- Visual Effects: Special-shaped modeling, IP expression, high recognition, illuminable (optional)
- Application Scenarios: Pet-friendly stores, trendy brands, cultural and creative spaces, art galleries, social media check-in stores
- Installation Methods: Wall-mounted, floor-standing, suspended

Customization Parameters Table

Parameter	Options/Specifications
Shape Design	Animal shapes (puppies/cats, etc.), geometric shapes (circles/triangles/irregular), IP images (brand-exclusive), artistic lines
Acrylic Thickness	5mm (lightweight special-shaped), 10mm (texture support), 15mm (heavy stable)
Illumination Configuration	No light (pure special-shaped logo), LED side-lighting (outline effect), LED backlight (overall illumination), RGB iridescent (dynamic effect)
Surface Treatment	High-transparency, frosted, UV printing (IP patterns/text), spray painting (matte texture)
Frame Materials	Stainless steel (rust-resistant and durable), aluminum alloy (lightweight), solid wood (vintage texture, optional)
Installation Kits	Invisible hanging brackets, expansion screws, floor bases, suspension ropes (configured as needed)

FAQs (Focused on Selling Points)

- 1. What is the structural stability of special-shaped store signs?** We design stainless steel/aluminum alloy frames based on shape complexity, with professional structural calculations ensuring stability even for irregular shapes, capable of withstanding Category 10 winds for outdoor use.
- 2. Can brand-exclusive IP images be customized?** Yes. Simply provide IP vector files, and we can achieve 1:1 restoration through laser cutting and UV printing, making IP images the visual core of the store.
- 3. Will special-shaped modeling affect installation?** No. We customize exclusive installation accessories based on special-shaped modeling and provide on-site installation services to ensure secure installation and perfect visual effects.
