- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **Acrylic Mini Store Sign,
Small Spaces acrylic storefront sign,
Exquisite acrylic storefront sign**

Product Description

Product Description (Short Paragraph)

Acrylic mini store signs, with ultra-small sizes (minimum 15cm) and exquisite craftsmanship, become brand finishing touches in small spaces. No longer grand storefront signs, they are delicate details on windows, checkout counters, and doorknobs – coffee cup-sized store signs, palm-sized LOGO plates, conveying brand temperature with delicate texture, making them ideal for community shops, window coffee shops, pop-up stores, and other small spaces.

Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (3mm–8mm) + metal/wooden bases + LED light sources (optional)
- Craftsmanship: Laser precision carving, surface polishing, base splicing, light source embedding (optional)
- Visual Effects: Miniature and exquisite, detailed, illuminable (optional), portable and mobile
- Application Scenarios: Window coffee shops, community shops, pop-up stores, checkout counter signs, window displays
- Installation Methods: Desktop stand, magnetic, adhesive, suspended

Customization Parameters Table

Parameter	Options/Specifications
Overall Dimensions	Width 15cm–60cm, Height 10cm–40cm (miniature sizes for small spaces)
Acrylic Thickness	3mm (lightweight and portable), 5mm (balanced texture), 8mm (heavy stable)
Illumination Configuration	No light (pure logo), LED side-lighting (soft effect), USB charging (8–12 hours of battery life)
Surface Treatment	High-transparency, frosted, UV printing (LOGO/text), silk screen printing (minimalist texture), laser engraving (concave-convex texture)
Base Materials	ABS plastic (cost-effective), stainless steel (premium texture), solid wood (vintage style), acrylic (transparent integrated)
Power Supply	220V power adapter (fixed scenarios), USB charging (mobile scenarios), battery-powered (pop-up stores)

FAQs (Focused on Selling Points)

1. Is the brightness of mini store signs sufficient for window coffee shops?

Yes. Side-lighting technology ensures uniform and soft light, clearly visible even at 15cm, serving as a logo by day and an atmosphere light at night, adapting to small spaces like window coffee shops.

2. Can they be used for mobile scenarios like pop-up stores?

Yes. Support battery-powered/USB charging, with 8–12 hours of continuous use on a full charge, paired with portable bases for easy adaptation to pop-up stores, markets, and other mobile scenarios.

3. Will engraved LOGOs wear out?

No. Our laser engraving technology creates concave-convex LOGOs that are resistant to wear. Simply wipe with a soft cloth for daily use, remaining clear and exquisite long-term.
