

Acrylic Gaming Monitor Riser Ergonomic Upgrade For Desktop Space

Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **acrylic pedestal, acrylic pedestal stand, plexiglass pedestal**

Product Description

Product Description (Short Paragraph)

Acrylic gaming monitor risers feature high-transparency acrylic panels + aluminum alloy support columns, creating ergonomic desktop solutions for gamers and office workers. They elevate monitors to eye level to relieve cervical spine pressure, while freeing up under-desk space for keyboards, mice, and collectibles. Transparent panels don't block desktop ambient lights, making gaming setups cleaner and more comfortable.

Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (5mm–8mm) + aluminum alloy support columns + non-slip silicone feet
- Craftsmanship: Laser cutting, seamless splicing, aluminum anodization, non-slip treatment
- Visual Effects: High-transparency without light blocking, aluminum texture, ergonomic height, space expansion
- Application Scenarios: Gaming setups, office workstations, streamer desks, creative design desks
- Installation Methods: Desktop placement, adjustable height (replaceable support columns optional)

Customization Parameters Table

Parameter	Options/Specifications
Overall Dimensions	Mini: 40cm*20cm*8cm (for laptops), Standard: 60cm*25cm*10cm (for 24–27" monitors), Large: 80cm*30cm*12cm (for 32"+ monitors)
Acrylic Thickness	5mm (lightweight without weighing down desks), 8mm (stronger load-bearing for dual monitors)
Support Column Materials	Aluminum alloy (lightweight + texture), stainless steel (rust-resistant and durable optional), acrylic (fully transparent integrated optional)
Height Adjustment	Fixed heights (8cm/10cm/12cm), replaceable support columns (3 height options for flexible adaptation)
Load Capacity	5mm acrylic: 20kg; 8mm acrylic: 40kg (supports dual monitors + devices)
Non-Slip Design	Bottom silicone feet (prevent sliding, protect desks), panel non-slip strips (optional, prevent monitors from slipping)
Light Transmission	High-transparency acrylic (doesn't block desktop ambient lights), frosted acrylic (anti-glare optional)

FAQs (Focused on Selling Points)

1. Will the riser damage the desk?

No. Support columns use a distributed design to evenly spread pressure, while bottom silicone feet protect desks from scratches, remaining stable even with 40kg dual monitors.

2. Can replaceable support columns adapt to different heights?

Yes. Three support column heights (8cm/10cm/12cm) are available, freely replaceable based on height and monitor size to ensure eye level alignment with monitor centers, relieving cervical spine pressure.

3. Do transparent panels affect desktop ambient lights?

No. High-transparency acrylic with 92% light transmission doesn't block RGB effects, instead evenly diffusing light to enhance gaming setup atmosphere.
