# acrylic display pedestal Multifunctional Monitor Riser All-In-One Storage Expression For Desktop Space

Our Product Introduction

Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **acrylic pedestal**, **acrylic pedestal stand**, **plexiglass pedestal**

Product Description

Product Description (Short Paragraph)

Acrylic multifunctional monitor risers integrate storage, charging, and cable management with elevation to create an "all-in-one" desktop solution. They not only elevate monitors to relieve cervical spine pressure but also feature built-in USB charging ports, cable management holes, and storage slots, with optional accessories like phone stands and headphone hooks to make desktops cleaner and more efficient, ideal for office workers, students, and creative professionals.

Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (5mm–8mm) + aluminum alloy support columns + USB charging module + cable management system
- Craftsmanship: Laser cutting, module embedding, cable hole design, non-slip treatment
- Visual Effects: Ergonomic height, multifunctional integration, tidy cable management, space expansion
- Application Scenarios: Office desks, student desks, creative studios, streamer workstations
- Installation Methods: Desktop placement, expandable accessories (phone stands/headphone hooks optional), cable storage (hidden cable holes optional)

Customization Parameters Table

Parameter	Options/Specifications
Overall Dimensions	Standard: 60cm*25cm*10cm (for 24–27" monitors), Large: 80cm*30cm*12cm (for 32"+ monitors)
Acrylic Thickness	5mm (lightweight without weighing down desks), 8mm (stronger load-bearing for dual monitors)
Charging Function	2*USB-A ports (5V/2A for charging phones/headphones), 1*USB-C port (PD fast charge optional for laptops)
Cable Management	Hidden cable holes (organize power/data cables), cable ties (optional to secure cables), under-desk storage slots (optional for small items)
Expandable Accessories	Phone stand (magnetic optional for multi-tasking), headphone hook (wall-mounted optional for storage), pen holder (embedded optional for stationery)
Height Adjustment	Fixed heights (10cm/12cm), replaceable support columns (3 height options for flexible adaptation)
Load Capacity	5mm acrylic: 20kg; 8mm acrylic: 40kg (supports dual monitors + devices)

FAQs (Focused on Selling Points)

1. **Is the charging module safe, and will it damage devices?**
   Extremely safe. Smart temperature control chips support overcharge, overvoltage, and short-circuit protection, compatible with mainstream phones, headphones, and laptops, with charging efficiency equivalent to original chargers.

2. **Can the cable management system organize all cables?**
   Yes. Hidden cable holes handle power, data, and charging cables, with cable ties to fully hide desktop cables and maintain a tidy appearance.

3. **Can expandable accessories be added later?**
   Yes. All accessories use standardized interfaces, allowing easy addition or replacement without disassembling the riser, for flexible desktop function upgrades.
