## Product Description

### Product Description (Short Paragraph)

Acrylic foldable portable monitor risers are designed for mobile workers, featuring a foldable structure + lightweight acrylic material that folds to just 2cm thick, easily fitting in backpacks or briefcases. They elevate laptops/monitors in narrow spaces like coffee tables and high-speed rail tray tables to relieve cervical spine pressure, with quick tool-free deployment, making them ideal companions for mobile office, business travel, and coffee shop work.

### Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (3mm) + stainless steel folding hinges + non-slip silicone feet
- Craftsmanship: Laser precision carving, folding hinge embedding, lightweight treatment, non-slip treatment
- Visual Effects: Ultra-thin folding, quick deployment, fully transparent without light blocking, portable and easy to carry
- Application Scenarios: Mobile office, business travel, coffee shop work, temporary meetings, outdoor office
- Installation Methods: Desktop placement, foldable storage (2cm thick), adjustable angle (15°–30° optional)

### Customization Parameters Table

Parameter	Options/Specifications
Unfolded Dimensions	30cm*20cm*8cm (for 13–16" laptops), 40cm*25cm*10cm (for 24" monitors)
Folded Dimensions	30cm*20cm*2cm (mini version), 40cm*25cm*2cm (standard version)
Acrylic Thickness	3mm (lightweight, ≤800g)
Folding Angles	0° (fully folded), 15°/20°/30° (tilt angles optional for different usage scenarios)
Load Capacity	15kg (supports laptops + thin monitors)
Non-Slip Design	Bottom silicone feet (prevent sliding, protect desks), panel non-slip strips (optional, prevent devices from slipping)
Storage Accessories	Portable storage bag (optional to protect the riser from scratches)

### FAQs (Focused on Selling Points)

#### 1. Are folding hinges prone to damage?

No. Thickened stainless steel hinges pass 10,000 fold tests for long lifespan, with smooth, jitter-free folding.

#### 2. Can they be used in narrow spaces like high-speed rail tray tables?

Absolutely. Compact unfolded dimensions fit all types of tray tables, with non-slip feet protecting desks from scratches for stable use.

#### 3. Can tilt angles be adjusted for typing?

Yes. 15°–30° tilt angle adjustment supports both screen viewing and comfortable typing positions, relieving wrist pressure.
