- Delivery Time: 7-10 work days
- Payment Terms: L/C,T/T,D/P
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **acrylic cosmetic display stand,
acrylic makeup display stand,
cosmetic acrylic display**

Product Description

Product Description (Short Paragraph)

Acrylic compartmentalized makeup storage boxes use high-transparency acrylic with removable partition designs, creating "precise categorization, at-a-glance" storage systems for cosmetics. Abandoning the mixed stacking of traditional boxes, they separate lipsticks, eyeshadows, foundations, and brushes with partitions, clearly displaying every product with transparent materials, ideal for makeup enthusiasts, beauty bloggers, and makeup artists, making creative makeup more efficient and inspiring.

Product Attributes (Bullet Points)

- Core Materials: High-transparency acrylic (3mm–5mm) + removable partitions + non-slip silicone feet
- Craftsmanship: Laser cutting, seamless splicing, partition embedding, non-slip treatment
- Visual Effects: Compartmentalized storage, transparent visibility, flexible adjustment, dustproof and easy to clean
- Application Scenarios: Makeup storage, dressing table organization, professional makeup kits, beauty blogger desktops
- Installation Methods: Desktop placement, recessed (custom makeup kits optional), portable (with handle optional)

Customization Parameters Table

Parameter	Options/Specifications
Overall Dimensions	Mini: 15cm*10cm*5cm (lipstick compartments), Standard: 25cm*15cm*10cm (full makeup compartments), Large: 35cm*20cm*15cm (professional makeup storage)
Acrylic Thickness	3mm (lightweight and portable), 5mm (texture support, suitable for professional use)
Compartment Design	Lipstick slots (10–20 for different lipsticks), eyeshadow slots (4–8 for palettes), brush holders (3–5 for brushes), removable partitions (flexible adjustment)
Dustproof Design	Top dust cover (optional for overall dustproofing), compartment dust curtains (optional to protect palettes)
Non-Slip Design	Bottom silicone feet (prevent sliding, protect desktops), compartment non-slip strips (optional, prevent products from slipping)
Portable Function	Top handle (convenient for makeup kits optional), removable partitions (flexible adaptation to different scenarios)

FAQs (Focused on Selling Points)

2. Can removable partitions fit different-sized cosmetics?

Yes. Slot-designed partitions can be freely removed or adjusted to fit everything from mini lipsticks to large eyeshadow palettes, making storage more flexible.

3. Will compartmentalized storage appear cluttered?

No. Scientific compartment design precisely fits each product type, while transparent materials create a more open, uncluttered appearance.

4. Can they be used in professional makeup kits without being too heavy?

Yes. Lightweight acrylic is 1/3 the weight of traditional wooden boxes, with top handles for easy portability, ideal for professional makeup scenarios.
