Product Description

Product Case Description (Short Paragraph)

This luxury vanity storage project, commissioned by a high-end beauty influencer, perfectly demonstrates JAFFA's full-cycle customization capabilities. Facing the client's diverse collection of high-end cosmetics, skincare, and beauty tools, we designed a modular acrylic storage system that combines open display racks, closed drawer units, and dedicated brush holders. By selecting 8mm high-transparency anti-scratch acrylic as the main material and matching it with detachable frosted acrylic partitions, the final product achieves a perfect balance of visual transparency and functional classification. The customized size and layout fit the client's vanity space seamlessly, turning a cluttered makeup area into a neat, high-end display showcase that highlights the texture of luxury beauty products. This case fully proves that JAFFA's one-stop customization service can accurately meet the personalized storage needs of both individual consumers and commercial clients.

Core Selling Points & Customization Advantages (Bullet Points)

- 1. One-Stop Customization Service:** JAFFA provides a full-cycle solution from demand analysis, 3D design rendering, material selection to production, packaging, and shipping, eliminating the need for clients to coordinate multiple parties.
- 2. 100+ Premium Material Options:** Covering high-transparency acrylic (2mm–15mm thickness), colored acrylic (Pantone custom), textured acrylic (water ripple, diamond pattern), and functional acrylic (anti-UV, anti-scratch, waterproof), matching all usage scenarios.
- 3. Tailored Design for Diverse Needs:** Professional designers create exclusive solutions for individual vanity storage, salon display, and commercial counter layout, optimizing space utilization and display effect.
- 4. High Precision & Durable Craftsmanship:** Adopting laser cutting (precision $\leq 0.1\text{mm}$), seamless bonding, and silent slide installation, ensuring the product is sturdy, durable, and has a high-end finish.
- 5. Global Adaptability:** Supports customization for different regional usage habits (e.g., humidity-resistant treatment for tropical areas) and complies with international shipping standards.

FAQs (Focused on Customization & Service)

1. Can JAFFA provide 3D design renderings before production?

Yes. After confirming your basic needs (size, usage scenario, storage type), our design team will deliver a detailed 3D rendering within 1–3 days for your confirmation and revision, ensuring the final product fully meets your expectations.

2. What if I don't know which acrylic material to choose for my bathroom vanity?

Our professional material consultants will provide targeted recommendations based on your usage environment (e.g., humidity, light exposure). For bathroom scenarios, we recommend 8mm+ waterproof anti-UV acrylic with a moisture-proof seal design for drawers, effectively protecting cosmetics from moisture.

3. Is it possible to customize a large batch of acrylic makeup organizers for my beauty salon chain?

Absolutely. JAFFA has a mature mass production line and can provide unified customization for large batches, including consistent brand LOGO laser engraving, standardized size design, and customized packaging. We also offer preferential bulk pricing and on-time

delivery guarantees.

4. How to start the customization process with JAFFA?

Simply send us your basic requirements (size range, storage needs, usage scenario, preferred style) via the inquiry button. Our sales team will respond within 24 hours, connect you with the design team, and start your exclusive customization journey immediately.
