Description

- **Single Independent Square Box Design:** Specially designed small square case for individual blind boxes/figures, independent storage without occupying space, turning each blind box into a dedicated mini display case.
- **High-Clarity Colored Acrylic Material:** Made of food-grade high-transparency colored acrylic (e.g., gradient blue/clear), transparent and lightweight, presenting dreamy gradient layers under light refraction, clearly displaying internal items while isolating dust and moisture.
- **Stackable & Splicable Structure:** Single case can be freely stacked or spliced into a full-wall/multi-set system, flexible to adapt to different numbers of blind boxes/figures, or used individually.
- **Stable Metal Frame Support:** Optional aluminum alloy/stainless steel frame, with stable structure and strong load-bearing capacity, stable placement and not easy to tip over, protecting blind boxes/figures from collision.
- **Waterproof, Moisture-Proof & Corrosion-Resistant:** Acrylic material is waterproof, moisture-proof and acid-alkali resistant, suitable for living rooms, studies, exhibition halls and other scenarios, not easy to yellow, deform or fade after long-term use.
- **Dustproof & Moisture-Proof Protection:** Closed square case design effectively isolates dust and moisture, protecting blind boxes/figures from dampness, extending their long service life.
- **Open Access Design:** Single case can be opened/pulled out, easy access, clearly displaying items while protecting collections from damage.
- **Personalized Custom Fit:** Supports customization of sizes, case shape/transparency, color, material, logo printing, etc., perfectly adapting to different sizes of blind boxes/figures.
- **Eco-Friendly & Safe Material:** Odorless, non-toxic and harmless, with finely polished burr-free edges, compliant with EU ROHS environmental standards, friendly to human body and environment.

FAQ

- 1. Where is this single blind box case suitable to be placed?** It is suitable for living rooms, bedrooms, studies, desks, exhibition halls, boutique hotels, etc., to be used as a blind box/figure organizer or display case, adapting to small spaces and modern luxury style with flexible single storage.
- 2. What is the load-bearing capacity of the acrylic case?** A single case can withstand 1–2 kg, meeting daily needs of placing blind boxes, figures, small ornaments, etc. without deformation.
- 3. Can multiple cases be stacked for installation?** Yes, multiple cases can be stacked freely to form a multi-layer system, or spliced horizontally into a full-wall display rack, flexibly adapting to different spaces and collection needs.
- 4. Will it yellow or fade after long-term use?** Acrylic has strong UV resistance, is waterproof, moisture-proof and acid-alkali resistant, so it won't yellow or deform. The gradient color is stable and not easy to fade after long-term use.
- 5. Is acrylic easy to scratch or break?** Acrylic has high surface hardness and is resistant to scratches under normal use; it has strong impact resistance and is not easy to break. Avoid heavy violent impact.
- 6. What is the lead time for custom orders?** For standard custom orders (100–500 sets), the production lead time is 7–15 days, depending on quantity and process complexity.
- 7. Do you support small trial orders?** Yes, the minimum order quantity (MOQ) is 100 sets, suitable for home decor brands, designers, or boutique hotels/art galleries to test product effects.
