- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **Custom Acrylic Console Table Stool Set, Gradient Acrylic Stool Set, Custom Gradient Acrylic Console Table**

Product Case Description

This high-art acrylic furniture set, commissioned by a luxury art gallery and high-end residential client, perfectly showcases JAFFA's strength in merging artistic design with functional furniture craftsmanship. The client demanded a statement piece that could serve as a console table in entryways and a display pedestal in galleries, while the gradient color scheme needed to create a visually stunning focal point without compromising structural stability. We designed a 25mm thick gradient acrylic console table paired with a matching three-legged stool, adopting a spliced geometric support structure. The seamless color transition from sapphire blue to rose red and tangerine orange creates a dreamlike visual effect, and the thickened acrylic ensures the furniture bears heavy loads stably, making it both an artistic installation and a practical piece of furniture.

Customization Parameter Table

Parameter Category	Project Customization Details	JAFFA Full Service Range
Core Material	25mm gradient acrylic (console table), 20mm gradient acrylic (stool)	100+ acrylic materials (gradient, clear, frosted, colored, anti-UV, scratch-resistant; 5mm–30mm thickness)
Overall Dimensions	Console: 120cm (L) * 40cm (D) * 75cm (H); Stool: 30cm (L) * 30cm (D) * 45cm (H)	Custom size: 80cm–200cm (length) for consoles; 20cm–50cm (height) for stools; custom irregular shapes supported
Structure Design	Geometric spliced support, single-piece tabletop, three-legged stool structure	10+ structural templates (geometric, minimalist, artistic installation, modular, freestanding)
Surface Treatment	High-gloss polishing, gradient color fusion, precision edge sealing	Polishing, sandblasting, UV printing, laser engraving, anti-scratch coating
Functional Add-Ons	Non-slip silicone pads, weight-bearing reinforced brackets	Integrated LED lighting, detachable components, custom LOGO engraving, anti-fall baffles
Service Cycle	Design confirmation: 3 days; Production: 18 days; Installation: 1 day	Design: 1–7 days (3D renderings); Production: 10–25 days; Global shipping & after-sales support

Core Selling Points & Customization Advantages

- 2. One-Stop Artisan Customization:** End-to-end service from demand analysis, 3D rendering, material selection to production and delivery, realizing the perfect integration of art and functionality.
- 3. 100+ Material & Color Options:** Specialized in gradient acrylic customization (single/multi-color transition), paired with functional acrylics (anti-UV, scratch-resistant) for diverse scenarios.
- 4. High-Art Aesthetics:** Dreamlike gradient color transition and geometric structural design make it a focal point in galleries, luxury residences, and high-end commercial spaces.
- 5. Industrial-Grade Durability:** Thickened acrylic (20mm+) and seamless bonding ensure load-bearing capacity (≥50kg for consoles), with anti-scratch coating for long-term use.
- 6. Multiscenario Versatility:** Doubles as an entryway console, gallery display pedestal, and commercial window display, maximizing the value of a single piece of furniture.

FAQs

- 2. Can the gradient color and transition range be customized according to brand or personal preferences?**
Yes. We support full custom gradient color matching (Pantone color system), and can adjust the color transition range and depth to meet personalized design needs.
- 3. Is the gradient acrylic resistant to scratches and fading from sunlight?**
Yes. We apply a nano anti-scratch and UV-resistant coating, effectively preventing scratch damage and color fading even with long-term exposure to natural light.
- 4. Can this set be customized into a modular combination for larger spaces?**
Absolutely. We can design modular splicing structures, adding additional table panels or stools to realize free combination and expansion according to space size.
- 5. How to initiate the customization process for this acrylic furniture set?**

Click the "Inquiry" button and provide space dimensions, usage scenarios, and preferred gradient color schemes. Our team will respond within 24 hours to start the customization.
