Product Description

Product Case Description (Short Paragraph)

This custom acrylic bathroom shelf project, crafted for a luxury residential client, perfectly demonstrates JAFFA's expertise in blending minimalist design with practical bathroom storage. The client desired a sleek, unobtrusive solution to organize their skincare and beauty products while seamlessly integrating with their modern, marble-tiled bathroom aesthetic. We delivered a **2-tier, wall-mounted shelf** crafted from 8mm frosted acrylic, paired with matte black metal guard rails to prevent items from slipping. The semi-transparent frosted finish softens the visual weight of the products, while the open design keeps daily essentials easily accessible, transforming the vanity into a clutter-free, organized sanctuary.
