

## JAFFA Custom Acrylic Metal Double Layer Bathroom Storage Shelf Dual-Zone Organizer For Toilet Vanity

Our Product Introduction

### Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

### Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **Vanity Storage Shelf,  
 Custom Acrylic Bathroom Shelf,  
 Metal Double-Layer Bathroom Shelf**

## Product Description

### Product Case Description (Short Paragraph)

This dual-layer bathroom storage shelf project, custom-built for urban residential and commercial bathroom spaces, exemplifies JAFFA's strength in integrating acrylic's transparency with metal's sturdiness to solve multi-scenario storage needs. The client required a space-efficient solution to separately store dry toiletries (tissues, wipes) and daily essentials while adapting to the compact wall space beside the toilet. JAFFA designed a combined structure featuring a **10mm ultra-clear acrylic top shelf** and a **matte black metal lower storage basket**, fixed with acrylic decorative brackets for a cohesive modern look. The acrylic top shelf offers a smooth, waterproof display surface for bulky items, while the hollow metal basket ensures ventilation for tissues and wet wipes, effectively separating dry and wet storage. This design perfectly balances aesthetic minimalism with practical functionality, becoming a high-efficiency storage solution for modern bathrooms.

### Customization Parameter Table (Project & Service Specifications)

Parameter Category	Project Customization Details	JAFFA Full Service Range
Core Material	10mm ultra-clear acrylic (top shelf), matte black carbon steel (lower basket), acrylic (decorative brackets)	100+ acrylic materials (clear/frosted/colored, anti-scratch/waterproof; 6mm–12mm thickness); metal options (stainless steel/aluminum alloy, matte black/chrome/brass finish)
Overall Dimensions	Customized to 60cm (L) * 15cm (D) * 20cm (H) (double-layer integrated shelf)	Custom size: 30cm*12cm (mini) to 100cm*20cm (large); single/double-layer switchable, corner-adaptive shapes supported
Structure Design	Wall-mounted fixed structure, acrylic top shelf + metal hollow basket dual zone, acrylic decorative fixing ends	10+ structural templates (single/double-layer, with/without guardrails, punch/punch-free installation, detachable basket)
Surface Treatment	Acrylic: high-gloss polishing + waterproof coating; Metal: matte black powder coating + anti-rust treatment	Acrylic sandblasting/frosting/UV printing; metal electroplating/oxidation; seamless bonding & precision cutting
Accessory Configuration	Heavy-duty expansion screws, anti-slip acrylic edge strips, rust-proof metal fasteners	Punch-free adhesive brackets (for tile/glass walls), detachable dividers, tissue outlet holes, LED strip lighting
Service Cycle	Design confirmation: 2 days; Production: 8 days; Delivery: 2 days	Design: 1–3 days (3D renderings); Production: 5–12 days; Global shipping + installation toolkit

### Core Selling Points & Customization Advantages (Bullet Points)

- One-Stop Customization for Dual-Zone Storage:** Integrates acrylic's high-end transparency with metal's load-bearing stability, realizing classified storage of dry/wet bathroom items in one solution.
- 100+ Material & Finish Combinations:** Customize acrylic thickness/transparency and metal finish (matte black/chrome/brass) to match modern, industrial, or luxury bathroom styles.
- Space-Efficient & Multi-Scenario:** Wall-mounted design maximizes vertical idle space beside toilets/vanities; dual-layer structure doubles storage capacity without occupying floor space.
- Bathroom-Specific Durability:** Acrylic with waterproof/anti-scratch coating resists water stains and scratches; metal components with anti-rust treatment adapt to long-term humid bathroom environments.
- Minimalist Aesthetic Integration:** Acrylic decorative brackets hide hardware traces, and the combination of transparent acrylic and matte metal creates a sleek, layered visual effect that elevates bathroom decor.

### FAQs (Focused on Customization & Practicality)

#### 1. Can the shelf be installed without punching holes on marble or glass bathroom walls?

Yes. We provide reinforced punch-free adhesive brackets (load-bearing up to 10kg) for smooth walls like marble/glass; for heavy

storage needs, punch-type expansion screws are still recommended for double stability.

**2. Can the lower metal basket be customized into a closed compartment or add a tissue outlet?**

Absolutely. We support customizing the metal basket into hollow/closed styles, and can pre-open tissue outlet holes of specified sizes to fit different tissue pack dimensions for one-handed access.

**3. Is the ultra-clear acrylic top shelf easy to clean and resistant to yellowing in humid environments?**

Yes. The acrylic surface is treated with a nano waterproof and anti-yellowing coating; daily water stains can be wiped clean with a damp cloth, and it can maintain high transparency for more than 5 years in bathroom environments.

**4. How to start a custom dual-layer storage shelf project with JAFFA?**

Click the "Inquiry" button and share your wall size, installation position (toilet/vanity), storage item types, and wall material. Our team will respond within 24 hours to provide a customized design plan.
