## Product Description

### Product Case Description (Short Paragraph)

This custom acrylic floating shelf project, crafted for a modern residential client, perfectly demonstrates JAFFA's expertise in blending minimalist design with practical bathroom display. The client desired a sleek, unobtrusive solution to showcase decorative items (like candles, small plants, and collectibles) while seamlessly integrating with their light gray marble-tiled bathroom aesthetic. We delivered a **single-tier, wall-mounted floating shelf** crafted from 12mm ultra-clear acrylic, paired with matte black metal mounting brackets. The transparent acrylic appears almost invisible against the wall, while the reinforced structure ensures it can safely hold decorative items and small essentials, transforming the vanity area into a stylish, personalized focal point.
