## Product Description

### Product Case Description (Short Paragraph)

This custom under-cabinet kitchen shelf project, crafted for a modern residential client, perfectly demonstrates JAFFA's expertise in maximizing vertical kitchen storage with minimalist design. The client needed a flexible, expandable solution to utilize the unused space beneath their upper cabinets for storing glass jars, spices, and small kitchen essentials—while fitting seamlessly into their light gray tiled kitchen aesthetic. We delivered a **3-tier, under-cabinet mounted shelf** crafted from 8mm frosted acrylic, paired with chrome-plated steel support rods and adjustable acrylic clamps. The semi-transparent frosted finish softens the visual weight of stored items, while the modular design allows for height adjustment between shelves to accommodate jars of all sizes, transforming wasted under-cabinet space into a functional, organized storage zone.

### Core Selling Points & Customization Advantages (Bullet Points)

**One-Stop Bespoke Service:** JAFFA manages the entire process from initial space analysis, 3D design renderings, material selection, to manufacturing, delivery, and on-site installation, ensuring a seamless luxury experience.

**100+ Premium Material Options:** Choose from food-safe, frosted/clear acrylic, paired with customizable metal support rods to match any kitchen decor (modern, minimalist, industrial).

**Adjustable & Expandable:** The modular design allows for height adjustment between shelves to fit jars of all sizes, and additional shelves can be added to expand storage as your kitchen essentials grow.

**Space-Saving Design:** The under-cabinet mounted frame maximizes vertical unused space, eliminating countertop clutter while keeping essentials easily accessible.

**Sleek & Minimalist Aesthetics:** The semi-transparent frosted acrylic and chrome-plated metal create a modern, layered look that elevates the kitchen while keeping stored items organized.

### FAQs (Focused on Customization & Kitchen Durability)

**Can JAFFA provide 3D design renderings to visualize the final shelf in my kitchen?**

Yes. Our design team will create photorealistic 3D renderings based on your under-cabinet dimensions and kitchen items within 1–3 days, allowing you to visualize and refine the design before production.

**Is the frosted acrylic resistant to stains and scratches from kitchen jars and spices?**

Yes. We use a premium non-porous acrylic with a stain-resistant and scratch-resistant coating, ensuring the shelf maintains its finish even with regular use of glass jars and spice containers.

**Can the shelf be customized to fit a specific under-cabinet size or corner layout?**

Absolutely. Our modular design is highly adaptable, and we specialize in custom solutions for irregular spaces, including corner under-cabinet areas and narrow kitchen nooks.

**How do I start a custom under-cabinet kitchen shelf project with JAFFA?**

Simply click the "Inquiry" button and share your under-cabinet dimensions, kitchen item collection size, and preferred style. Our team of design specialists will respond within 24 hours to start your bespoke project.
