### Product Case Description (Short Paragraph)

This custom acrylic cabinet handle project, crafted for a contemporary interior design studio, perfectly demonstrates JAFFA's expertise in blending sculptural form with functional hardware. The client needed a handle that would serve as a subtle focal point in minimalist cabinetry, while featuring a fluid, wavy design to soften the linearity of modern cabinet doors. We delivered a **long, wavy handle** crafted from 12mm light blue tinted acrylic, with a seamless, polished finish. The translucent blue acrylic interacts with light, creating a soft, ethereal glow, while the fluid wave shape adds a tactile, organic touch—transforming a simple cabinet handle into a sculptural accent for kitchens, bathrooms, and built-in storage.

### Core Selling Points & Customization Advantages (Bullet Points)

- 2. One-Stop Bespoke Service:** JAFFA manages the entire process from initial design concept, 3D renderings, material selection, to manufacturing, delivery, and hardware, ensuring a seamless luxury experience.
- 3. 100+ Material & Color Options:** Choose from a wide range of tinted acrylic colors (light blue, clear, amber, smoke gray) to match any interior aesthetic (minimalist, modern, organic, boutique).
- 4. Sculptural Form:** The fluid wave shape transforms a functional hardware piece into a decorative accent, softening the linearity of modern cabinetry.
- 5. Durable & Easy to Clean:** Industrial-grade acrylic is non-porous, scratch-resistant, and easy to wipe clean, making it ideal for daily use in high-traffic kitchen and bathroom spaces.
- 6. Light-Interactive Aesthetics:** Tinted acrylic interacts with ambient light, creating a soft, ethereal glow that changes throughout the day, elevating the item from a handle to a piece of functional art.

### FAQs (Focused on Customization & Home Use)

- 2. Can JAFFA provide 3D design renderings to visualize the final handle on my cabinetry?** Yes. Our design team will create photorealistic 3D renderings based on your size, color, and shape preferences within 1–2 days, allowing you to refine the design before production.
- 3. Is the tinted acrylic resistant to scratches and fading from light exposure?** Yes. We use a premium scratch-resistant and UV-stabilized coating on all acrylic surfaces, ensuring the handle maintains its color and finish even with regular light exposure and handling.
- 4. Can the handle be customized with a different shape or hardware finish?** Absolutely. We support custom sculptural shapes and matching hardware finishes (chrome, brass, black) to align with your cabinetry and personal style.

**5. How do I start a custom acrylic cabinet handle project with JAFFA?** Simply click the "Inquiry" button and share your size, color, shape, and intended use. Our team of design specialists will respond within 24 hours to start your bespoke project.
