Basic Information

- Minimum Order Quantity: 5set
- Price: Negotiable
- Packaging Details: Wooden box packaging, cardboard box packaging
- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guardrail
- Highlight: **Custom Tinted Door Pull Handles,
Acrylic Door Pull Handles,
JAFFA Door Pull Handles**

Product Description

Product Case Description (Short Paragraph)

This custom acrylic glass door handle project, crafted for a commercial office building, perfectly demonstrates JAFFA's expertise in blending bold design with commercial-grade durability. The client needed a handle that would serve as a striking focal point at the building's main entrance—standing out against the clear glass facade while withstanding high-traffic use. We delivered a **long, rectangular pull handle** crafted from 15mm deep blue tinted acrylic, with vertical fluting to enhance grip and light refraction. The vibrant blue acrylic contrasts dramatically with the clear glass, while the reinforced stainless steel mounting hardware ensures stability—transforming a simple door handle into a bold, modern statement that elevates the building's entrance design.

Customization Parameter Table (Project & Service Specifications)

Parameter Category	Project Customization Details	JAFFA Full Service Range
Core Material	15mm deep blue tinted acrylic (handle), stainless steel (mounting hardware)	100+ acrylic materials (tinted, clear, frosted, colored, scratch-resistant; 10mm–20mm thickness); color options (deep blue, emerald green, amber, smoke gray); metal hardware (stainless steel, chrome, brass)
Overall Dimensions	Customized to 80cm (L) * 5cm (W) (rectangular glass door pull handle)	Custom size: 40cm (mini) to 120cm (large); custom shapes (rectangular, rounded, sculptural) supported
Structure Design	Seamless single-piece acrylic handle, vertical fluting for grip, reinforced stainless steel mounting hardware	10+ structural templates (pull handle, push handle, with/without grip fluting, with/without integrated lock mechanism)
Surface Treatment	Tinted acrylic finish, precision edge polishing, vertical fluting; stainless steel hardware finish	Polishing, sandblasting, UV printing (custom branding), laser engraving (text/logos), anti-scratch coating
Accessory Configuration	Reinforced stainless steel mounting hardware, anti-slip grip fluting	Custom branding, decorative accents, matching hardware finishes (stainless steel, chrome, brass), lock mechanism options (keyed, keyless)
Service Cycle	Design confirmation: 2 days; Production: 8 days; Delivery: 3 days	Design: 1–3 days (3D renderings); Production: 5–10 days; Global shipping & hardware

Core Selling Points & Customization Advantages (Bullet Points)

- 2. One-Stop Commercial Customization:** JAFFA manages the entire process from initial design concept, 3D renderings, material selection, to manufacturing, delivery, and installation, ensuring a seamless commercial-grade experience.
- 3. 100+ Material & Color Options:** Choose from a wide range of tinted acrylic colors (deep blue, emerald green, amber, smoke gray) to match any commercial space aesthetic (modern, bold, minimalist, luxury).
- 4. Bold Statement Design:** The vibrant tinted acrylic contrasts dramatically with clear glass, making the handle a striking focal point at building entrances.
- 5. Commercial-Grade Durability:** Industrial-grade acrylic and reinforced stainless steel hardware ensure the handle withstands high-traffic commercial use, with scratch-resistant surfaces and easy-to-clean materials.
- 6. Enhanced Grip:** Vertical fluting on the handle improves grip and light refraction, adding both functionality and visual interest to the design.

FAQs (Focused on Customization & Commercial Durability)

2. Can JAFFA provide 3D design renderings to visualize the final handle on my glass door?

Yes. Our design team will create photorealistic 3D renderings based on your size, color, and shape preferences within 1–3 days, allowing you to refine the design before production.

3. Is the tinted acrylic resistant to scratches and fading from outdoor exposure?

Yes. We use a premium scratch-resistant and UV-stabilized coating on all acrylic surfaces, ensuring the handle maintains its color and finish even with prolonged outdoor exposure and high-traffic use.

4. Can the handle be customized with a different shape or hardware finish?

Absolutely. We support custom sculptural shapes and matching hardware finishes (stainless steel, chrome, brass) to align with your building's entrance design.

5. How do I start a custom acrylic glass door handle project with JAFFA?

Simply click the "Inquiry" button and share your size, color, shape, and intended use. Our team of commercial design specialists will respond within 24 hours to start your bespoke project.
