Product Description

Product Case Description (Short Paragraph)

This custom acrylic pin display frame project, crafted for a pin collector, perfectly demonstrates JAFFA's expertise in blending modern design with functional collection display. The client needed a frame that would showcase their vibrant pixel-art pin collection—avoiding the clutter of traditional pin boards while protecting the pins from dust and wear. We delivered a **square frame** crafted from 10mm deep red tinted acrylic, with a clear inner panel and magnetic backing to securely hold the pins. The vibrant red acrylic contrasts beautifully with the pins' colorful designs, while the seamless construction ensures durability—transforming a simple frame into a modern, gallery-style display that elevates the collection's impact.

Core Selling Points & Customization Advantages (Bullet Points)

- **One-Stop Bespoke Service:** JAFFA manages the entire process from initial design concept, 3D renderings, material selection, to manufacturing, delivery, and hardware, ensuring a seamless luxury experience.
- **100+ Material & Color Options:** Choose from a wide range of tinted acrylic colors (deep red, emerald green, amber, smoke gray) to match any collection's aesthetic (modern, minimalist, bold, muted).
- **Secure & Protective Display:** The magnetic backing securely holds pins in place, while the anti-reflective clear inner panel protects the collection from dust, scratches, and light damage.
- **Modern Gallery-Style Design:** The seamless, tinted acrylic frame transforms a functional display into a sculptural accent, enhancing the collection's impact while keeping the focus on the pins themselves.
- **Seamless Integration:** The frame's minimalist design blends seamlessly with modern interiors, making it a versatile choice for homes, offices, and commercial spaces.

FAQs (Focused on Customization & Collection Display)

2. Can JAFFA provide 3D design renderings to visualize the final frame with my pin collection?

Yes. Our design team will create photorealistic 3D renderings based on your size, color, and collection dimensions within 1–2 days, allowing you to refine the design before production.

3. Is the tinted acrylic resistant to scratches and fading from light exposure?

Yes. We use a premium scratch-resistant and UV-stabilized coating on all acrylic surfaces, ensuring the frame maintains its color and finish even with prolonged light exposure and handling.

4. Can the frame be customized to fit a large pin collection or irregularly shaped pins?

Absolutely. We support custom size adjustments and magnetic backing configurations to accommodate large collections or irregularly shaped pins, ensuring a secure and visually appealing display.

5. How do I start a custom acrylic pin display frame project with JAFFA?

Simply click the "Inquiry" button and share your collection size, color preferences, and intended use. Our team of design specialists will respond within 24 hours to start your bespoke project.
