Description

- **Crescent Moon Art Design:** Inspired by the crescent moon, this piece adopts acrylic heat-bending and splicing technology to restore the smooth and elegant crescent radian. Built-in snowflake/star texture creates a romantic and dreamy outdoor visual focal point.
- **High-Clarity Weather-Resistant Acrylic Material:** Crafted from imported high-transparency, UV-resistant acrylic panels with over 90% light transmittance. It resists sun and rain, anti-yellowing, and maintains crystal-clear texture for long-term outdoor use.
- **Modular Assembly Structure:** The overall design features modular sectional construction, detachable into crescent segments and base components for easy transportation, installation and maintenance, ideal for large outdoor spaces such as plazas and commercial streets.
- **Built-in LED Lighting System:** Equipped with warm white/RGB LED strips, supporting dynamic lighting effects such as gradient, twinkle and flow. It creates a dreamy starry sky atmosphere at night, enhancing night visibility and ambiance.
- **Outdoor Waterproof & Weather Resistance:** Acrylic offers excellent water resistance, moisture-proof and acid-alkali corrosion resistance. Paired with IP65 waterproof power supply and sealed structure, it operates stably in outdoor rain, snow and high-temperature environments without deformation or cracking.
- **Stable Outdoor Installation:** Equipped with weighted metal base + invisible support structure, with anti-slip pads and expansion screws for fixation. It has high wind resistance to ensure safe outdoor use.
- **Multi-Scene Adaptability:** Serves as commercial street visual merchandising, cultural tourism plaza check-in spot, park landscape sculpture and festival theme device, suitable for outdoor commercial, cultural tourism and park fields.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser precision cutting + fine polishing + heat bending molding, burr-free and odorless. The acrylic material complies with EU ROHS environmental standards, and the LED light source is flicker-free and radiation-free.
