Description

- **Fluid Artistic Design:** Inspired by natural flowing curves, this piece adopts acrylic heat-bending and splicing technology to create a light and dynamic spiral/wave form, making it a highly modern spatial art focal point.
- **High-Clarity Acrylic Material:** Crafted from imported high-transparency, high-toughness acrylic panels with over 92% light transmittance. The light refraction creates a crystal-clear texture, enhancing the space style during the day and crafting a dreamy atmosphere at night when paired with the lighting system.
- **Integrated/Modular Support Structure:** The overall design features integrated molding or modular splicing, paired with a black metal base for stable placement. It ensures load-bearing safety while creating a visual contrast with the transparent main body to enhance artistic tension.
- **Built-in Lighting System Compatibility:** Comes with pre-reserved professional lighting installation ports, compatible with warm white/RGB LED strips and projection lights to realize various dynamic effects such as color-changing halos and shadow play, enhancing the display's visual impact.
- **Waterproof & Durable:** Acrylic offers excellent water resistance, moisture-proof and UV resistance. Paired with sealed connectors and moisture-proof power supplies, it operates stably in high-humidity environments like galleries and hotel lobbies, resisting yellowing and deformation for long-term use.
- **Stable & Safe Installation:** Equipped with thickened acrylic base + invisible metal support structure, with weighted base and anti-slip pads. The structure is wind-resistant and fits seamlessly with the ground to ensure personnel and installation safety.
- **Multi-Scene Adaptability:** Serves as a core exhibit in galleries/exhibition halls, visual merchandising in hotel lobbies, public art installations and cultural tourism check-in spots, suitable for art exhibitions, high-end commercial spaces and cultural tourism displays.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser precision cutting + fine polishing + heat bending molding, burr-free and odorless. The acrylic material complies with EU ROHS environmental standards, being friendly to humans and the environment.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported High-Clarity Acrylic + Black Metal Base + Interactive LED Strips + Waterproof Power Supply
Color	Clear / Milky White / Clear Gradient (Customizable)
Structure	Fluid Spiral Design + Modular Assembly + Light Interaction
Standard Size	H1500–5000 × W1000–4000 × D800–3000 mm (Adjustable)
Thickness	Acrylic Panel 15–50 mm + Metal Base/Support 20–40 mm
Craftsmanship	Laser Cutting + Polishing + Heat Bending + Modular Assembly + Light System
Weight (Per Set)	Approx. 50–300 kg (Depends on Size)
Packaging	Custom Shockproof Wooden Crate + Bubble Film + Pearl Cotton (Shockproof)

Installation Method Parameter Item	Floor-Mounted + Professional Installation Parameter Value (Customizable)
(English) Size Customization	Adjustable L/W/H, MOQ: 1 Set
Form Customization	Customizable Spiral/Wave/Drop Form/Radian (Any Art Form)
LED Customization	Customizable Light Color/Mode/Smart Control (RGB/Color Changing/Dynamic)
Material Customization	Optional Acrylic/Metal Base Material
Surface Treatment	High Transparency / Frosted / Gradient / Mirror
Waterproof Customization	Customizable Waterproof Rating (IP65 Optional)
Packaging Customization	Custom Brand Logo / Custom Export Shockproof Wooden Crate

PARTICULARITY

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.

**If you need to return the goods, you will be charged 80%,
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!
 If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order,
 the goods will be delivered within 1-3 working days under normal circumstances.
 If the quantity is large or the process is complex,
 the production cycle will be extended. If you have requirements for delivery time,
 you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology,
 light, display parameters and other factors.
 The color of the received object will be different from the photo.
 Please take the object as the standard.

About price

Because there are many specifications of raw materials,
 please contact customer service for quotation for other specifications.
 (The link price is for the convenience of customers to place an order, not the actual price of the product)

FAQ

- 1. What spaces is this acrylic art display suitable for?** Answer: It is perfect for large spatial settings such as galleries, museums, exhibition halls, 5-star hotel lobbies, commercial complex atriums and cultural tourism centers, serving as a core product to enhance spatial artistic tone and create visual focal points.
- 2. How durable is this acrylic fluid sculpture for indoor high-humidity environments?** Answer: Made of imported high-clarity acrylic + sealed structure, it is waterproof, moisture-proof and UV-resistant, resisting yellowing and deformation. The LED light source lasts 50,000 hours, meeting the long-term use needs of overseas high-end commercial and art spaces.
- 3. Does it support personalized customization of art form and lighting effects?** Answer: Yes. We can customize the fluid form, color combination, lighting effects and base style based on the space theme and brand IP, perfectly matching the design needs of overseas art exhibitions, hotel decor and cultural tourism projects.
- 4. Is transportation and installation complicated?** Answer: It features modular assembly design with detachable components for easy transportation and reduced costs. Installation is guided by a professional team with detailed installation drawings and accessories, suitable for overseas large-scale project setup and debugging.
- 5. Is it suitable for cooperation with overseas art institutions and hotel soft decoration projects?** Answer: Yes. It supports customized production and brand cooperation, complying with EU/US environmental and safety standards. It can be provided as art installations and hotel decor products for overseas art institutions, high-end hotels and commercial spaces.

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries.

Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
