- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guar

More Images

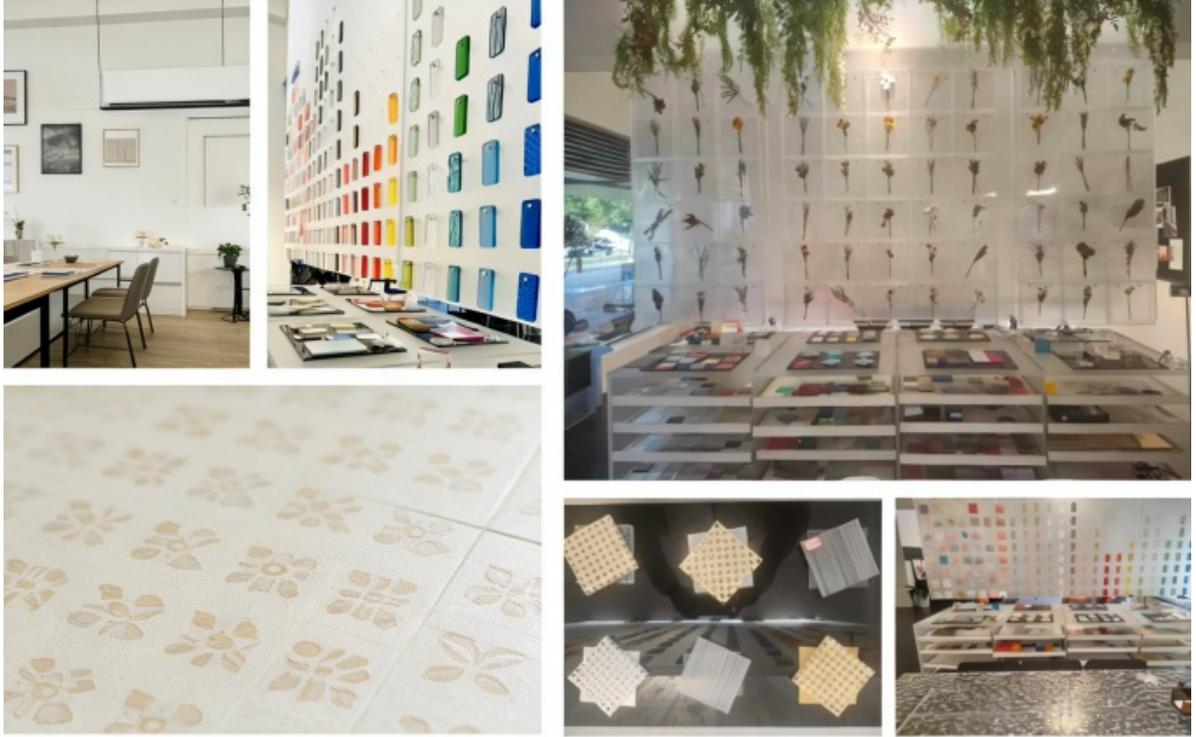

Description

- **Geometric Cage + Ring Gradient Design:** The outer layer is a square cage made of transparent acrylic vertical strips, and the inner layer is a gradient ring acrylic. Light penetrates to present a layered hazy halo, combining minimalist industrial style and artistic sense.
- **High-Clarity Soft Light Acrylic Material:** Made of imported high-clarity acrylic panels with uniform light transmittance and delicate texture. Light is diffused by acrylic to avoid direct glare, creating a warm and quiet night atmosphere.
- **Modular Splicing Structure:** The lamp body consists of acrylic cage + ring light sheet + metal/acrylic fixing rods in sections, convenient for transportation and assembly. The number and spacing of rings can be fine-tuned to fit different visual needs.
- **Warm Light Eye-Caring LED Source:** Built-in warm white LED strips, flicker-free and blue-light hazard-free, with soft and non-glaring brightness. It is suitable as a bedroom night light and desk ambient light, and will not hurt eyes even when used all night.
- **Safe & Stable Structure:** The acrylic edges are rounded and polished, and the bottom is designed with anti-slip pads, which are stable and not easy to tip over, complying with home safety codes.
- **Multi-Scene Adaptability:** Can be used in bedroom bedside, study desk, living room corner, hotel room and other scenarios, serving as both a lighting lamp and a modern minimalist decorative ornament.
- **Eco-Friendly & Safe Craftsmanship:** Adopts laser cutting + fine polishing + heat bending molding, burr-free and odorless. The acrylic material complies with EU ROHS environmental standards, and the LED light source has a lifespan of up to 50,000 hours.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

Parameter Item (English)	Parameter Value (Customizable)
Material	Imported High-Clarity Acrylic + Metal Fixing Rod + Warm White LED Soft Light Strips + Anti-Slip Base

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.
**If you need to return the goods, you will be charged 80%,
 and the return postage will be borne by the buyer himself.**

I wish you a happy shopping!
 If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order,
 the goods will be delivered within 1-3 working days under normal circumstances.
 If the quantity is large or the process is complex,
 the production cycle will be extended. If you have requirements for delivery time,
 you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology,
 light, display parameters and other factors.
 The color of the received object will be different from the photo.
 Please take the object as the standard.

About price

Because there are many specifications of raw materials,
 please contact customer service for quotation for other specifications.
 (The link price is for the convenience of customers to place an order, not the actual price of the product)

2. What scenarios is this night light suitable for?

Answer: It is suitable for scenarios requiring soft night lighting such as bedroom bedside, study desk, living room corner and hotel room, and is also a modern minimalist decorative ornament.

3. Is the light eye-caring? Does it meet overseas safety standards?

Answer: The LED light source is flicker-free and blue-light hazard-free, with soft and non-glaring brightness, and will not hurt eyes even when used all night. The acrylic material complies with EU ROHS environmental standards, and the power supply system can be customized to comply with overseas safety codes such as CE/UL.

4. Is the acrylic material easy to scratch?

Answer: Made of imported high-toughness acrylic, the surface is finely polished, with excellent scratch resistance. It is not easy to leave scratches in daily use, and maintains a transparent texture for long-term use.

5. Does it support dimming or smart control?

Answer: Yes. Functions such as touch dimming, timer off, WiFi/Bluetooth smart control can be customized to meet the lighting needs of different scenarios.

6. Is installation and transportation complicated?

Answer: The modular structure can be disassembled for transportation, reducing logistics costs. The desktop placement design does not require complex installation, only simple wiring is needed, which is convenient and efficient.

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries.

Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.

We have advanced production equipment and technical team, which can provide a variety of different processing technologies, including cutting, grinding, bending and bonding.

Ensure the accuracy and quality of products.

We also pay attention to innovation and research and development, and constantly introduce new products and designs to meet the needs and trends of the market.

In terms of installation, we have an experienced installation team, which can quickly and accurately complete the installation of products to ensure customer satisfaction and use effect.

Whether it is a business customer or an individual customer, we are committed to providing you with professional, efficient and high-quality services.

No matter what kind of products you need to customize.

We can make it according to your needs and requirements.

Ensure the quality and effect of products.
