- Delivery Time: 7-10 work days
- Payment Terms: L/C,D/P,T/T
- Supply Ability: 500sets/Year

Product Specification

- Material: PMMA
- Standard Size: Customizable
- Color: Customizable
- Feature: Luminous
- Service: OEM/ODM
- Application: Mall/Restaurant/Office/Home/Exhibition/Guar

JAFFA Custom Acrylic Wall-Mounted Ink Bottle Display Rack – Precision-Fit Transparent Showcase for Premium Pen & Ink Collections

Premium Custom Display for Discerning Ink Enthusiasts

Elevate your ink collection presentation with JAFFA's bespoke acrylic wall-mounted ink bottle display rack. Expertly engineered to showcase LAMY and other premium ink bottles with unparalleled elegance, this display transforms ordinary walls into stunning focal points that celebrate the art of fine writing. Each compartment is meticulously crafted to cradle your ink bottles securely, turning your collection into a captivating visual statement.

Precision-Cut Custom Sizing for Perfect Fit

Unlike generic display solutions, our ink bottle racks are custom-manufactured to your exact specifications. We create individual recessed compartments that perfectly match the dimensions of your specific ink bottles, ensuring a snug, seamless fit that eliminates wobbling and maximizes visual appeal. This precision engineering allows for a clean, uncluttered aesthetic where every bottle sits perfectly aligned in its dedicated space.

High-Grade Acrylic Construction

Crafted from premium optical-grade acrylic, this display offers exceptional clarity that puts your colorful ink collection center stage. The thick, durable acrylic material provides long-lasting strength while maintaining a lightweight profile for easy wall installation. Our acrylic is scratch-resistant and UV-stabilized, preserving the vibrant colors of your inks and keeping your display looking flawless for years to come.

Backlit Illumination for Dramatic Effect

Designed with integrated backlighting capabilities, this display transforms your ink bottles into glowing works of art. The translucent acrylic diffuses light evenly, highlighting the rich hues and unique textures of each ink color. Whether in a retail setting, design studio, or private study, the illuminated display creates a mesmerizing ambiance that draws attention and admiration.

Versatile Application for Any Space

Perfect for stationery boutiques, pen stores, corporate showrooms, and private collectors alike. This wall-mounted design saves valuable counter space while creating an impressive gallery-style display. The modular nature of our system allows you to expand your display as your collection grows, making it a flexible solution that evolves with your needs.

JAFFA Customization Promise

At JAFFA, we specialize in bringing your unique display visions to life. We work closely with you to design a display that perfectly matches your brand aesthetic, space requirements, and collection size. From color and finish options to layout and lighting configurations, every aspect of your display can be tailored to your exact preferences.

Sample fee

Prepaid sample fee

The proofing fee will be refunded for bulk orders, and will not be charged if you are not satisfied.

PARTICULARITY

(Customized products, subject to the effect)
 After cutting, it will affect the secondary sales.
 If there is no quality problem, we don't support returning goods.
 Thank you for your cooperation.

If you need to return the goods, you will be charged 80%, and the return postage will be borne by the buyer himself.

I wish you a happy shopping!
 If you have any questions.

Please contact our after-sales customer service.

We will give a reasonable treatment plan in time ~

About delivery

After the customer places an order, the goods will be delivered within 1-3 working days under normal circumstances. If the quantity is large or the process is complex, the production cycle will be extended. If you have requirements for delivery time, you can contact and negotiate.

About chromatic aberration

The product pictures are all real photos, but due to shooting technology, light, display parameters and other factors. The color of the received object will be different from the photo. Please take the object as the standard.

About price

Because there are many specifications of raw materials, please contact customer service for quotation for other specifications.
 (The link price is for the convenience of customers to place an order, not the actual price of the product)

Frequently Asked Questions

Q1: Can this display be customized to fit ink bottles from brands other than LAMY?

Absolutely. While the display shown is precision-engineered for LAMY 50ml ink bottles, we offer full customization to accommodate ink bottles of any brand, size, or shape. Whether you collect Pilot, Montblanc, Pelikan, or other premium inks, we will create perfectly sized recessed compartments that provide the same seamless, secure fit. We can also customize the overall layout, number of slots, and grid pattern to match your exact collection and space requirements.

Q2: Is the backlighting included, and can I adjust the brightness or color temperature?

The integrated backlighting system is an optional upgrade that we highly recommend for maximum visual impact. We offer multiple lighting configurations, including warm white (3000K), cool white (6000K), and RGB color-changing options. All our backlit displays

come with a dimmable controller that allows you to adjust the brightness to create the perfect ambiance for your space. The LED strips are energy-efficient and have a lifespan of over 50,000 hours.

Q3: How do I install this wall-mounted display, and what tools do I need?

Installation is straightforward and can be completed by most people in under an hour. Each display comes with a complete installation kit including heavy-duty wall anchors, screws, and a detailed step-by-step instruction manual. You will only need a drill, a level, and a screwdriver. For larger or more complex installations, we can provide remote video guidance to assist you. The display is lightweight despite its solid construction, making it easy to handle and mount securely.

Q4: Will the acrylic yellow over time, and how durable is it?

Our displays are crafted from premium optical-grade cast acrylic that is UV-stabilized to resist yellowing for up to 10 years under normal indoor conditions. Unlike cheaper extruded acrylic, our material is scratch-resistant, impact-resistant, and maintains its crystal-clear transparency for decades. Each compartment is precision-machined from 20mm thick solid acrylic, providing exceptional strength and stability to safely hold your valuable ink collection.

JAFFA
THE REASON FOR OUR CHOICE

ABOUT US

We are committed to providing customers with high-quality acrylic, plexiglass and resin plate products to meet the needs of various industries. Whether it's commercial display, interior decoration, advertising logo or home design, we can make it according to customer's requirements.
